SECTION 1. A NEW SECTION OF KRS 151.700 TO 151.810 IS CREATED TO READ AS FOLLOWS:

***(1) It is a finding of the General Assembly that since 1981 when the United States Army Corps of Engineers ceased operating locks and dams, five (5) through fourteen (14) on the Kentucky River, the water impounded by those locks and dams have increasingly grown in importance as a sole water supply resource for Central Kentuckians. At the same time protection of the water within the Kentucky River system has become more difficult because of the sporadic operating schedule of the locks and dams which makes uncertain the ability of the state or federal government to travel between pools of the river system in order to effectively contain any contamination of the water in a timely manner.***

***(2) In order to protect the water of the Kentucky River as a drinking water supply resource the cabinet shall not issue a permit for any hazardous waste site or facility which is proposed to be located within the watershed of the Kentucky River. This prohibition shall not apply to sites or facilities for which a complete permit application has been submitted as of the effective date of this Act.***

***(3) If the state successfully secures a long-term and year round schedule for the operation of all the locks on the Kentucky River or if the state develops reliable and effective access by land for emergency response purposes to each pool of the river, then the cabinet may issue hazardous waste site or facility permits if the permits require spill prevention control plans sufficient to prevent any contaminant from reaching the river or a tributary of the river.***

***(4) Any site or facility with a permit or a complete application for a permit filed with the cabinet as of the effective date of this Act, may amend or renew those permits if a spill prevention control plan as set out in subsection (3) is submitted to and approved by the cabinet.***

HB 748, AN ACT relating to environmental protection.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first notifying the cabinet and obtaining construction and operation permits from the cabinet. The cabinet shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste site or facility or a regional integrated waste treatment and disposal demonstration facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste incinerator, landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to KRS 224.855(6). The cabinet shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity. A person desiring a construction permit shall file an application on forms supplied by the cabinet which shall contain such information as the cabinet deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the cabinet. The applicant shall not initiate construction at the proposed site of a new facility for the storage, treatment or disposal of hazardous waste until notice has been given to that portion of the public most likely to be affected by the operation of the proposed facility pursuant to KRS 224.855(1) to (5) and until a construction permit for said facility has been issued by the cabinet. The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in paragraphs (b) and (c) of this subsection; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste incinerators, landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(6); in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) The cabinet may prohibit the land disposal of any hazardous wastes. The criteria and list of hazardous waste to be prohibited by the cabinet from land disposal shall be identical to any such criteria and list promulgated by the United States Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, as amended, (Public Law 94-580). The land disposal of hazardous waste may be permitted for methods determined by the cabinet to be protective of human health and the environment for as long as the waste remains hazardous.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased and an estimate of the cost of post-closure care. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure;

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant; and

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of corrective action on and off-site and satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one (1) or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until ***completion of closure*** [~~termination~~]. The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be three million dollars ($3,000,000) per occurrence with an annual aggregate of six million dollars ($6,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing

on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required, in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

(5) In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal Bankruptcy Code or where jurisdiction cannot be obtained with reasonable diligence in any state court or any federal court over an owner or operator likely to be insolvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this section may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this subsection, such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

(6) The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.

(7) For the purpose of this subsection, the term guarantor means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.

The cabinet may investigate, sample, and inspect any records, conditions, equipment, practice, or property. If the cabinet reasonably determines as a result of an investigation, sample, or inspection that there has been a release or there is a threat of a release, the cabinet may enter the site and areas proximate to the site, and undertake actions as it deems necessary, including a site assessment or remedial action. During the course of any site assessment or remedial action, the cabinet may restrict and deny entry to the site and surrounding areas to protect the public health and the environment and to provide for the efficient, expeditious, and safe conduct of the actions taken. The restriction and denial shall not preclude access by the owner or occupant of the site provided that the person complies with all safety and operational procedures established by the cabinet and provided the person does not interfere with the efficient, expeditious, and safe conduct of the action.*

*(7) The cabinet may require any person who has or may have information relevant to any of the following to furnish, upon reasonable notice, information or documents relating to the following subjects:*

*(a) The identification, nature, and quantity of materials which have been or are generated, treated, stored or disposed of at a site or transported to a site;*

*(8) If the cabinet has reason to believe that a person has made a fraudulent representation to the cabinet or has destroyed or concealed or is likely to destroy or conceal evidence relating to a release or threatened release, or a response thereto, the cabinet may seize any records, equipment, property, or other evidence it deems necessary.*

*(9) The cabinet shall prepare and annually update an inventory of all sites in the Commonwealth at which there is or has been disposal, release or a threatened release of hazardous substances. In preparing the inventory the cabinet shall assess the impact of each site on public health and the environment and identify the relative priority for remedial action based on information available to the cabinet. Upon determining that a site assessment or remedial action is unnecessary or has been completed at a particular site, the cabinet shall remove the site from the inventory. A separate inventory of sites where a remedial action involving on-site containment or treatment has been performed and other sites where complete restoration of the environment has not been achieved shall be maintained. A review of environmental conditions at sites remediated by on-site containment or treatment and other sites where complete restoration of the environment is not achieved shall be conducted by the cabinet every five (5) years for the purpose of determining whether additional remedial action is necessary to protect human health or the environment.*

*(10) In the event of a release or threatened release of a hazardous substance at a site, which presents an imminent and substantial endangerment to the public health or welfare or the environment, the responsible party shall perform a site assessment and all remedial action determined to be necessary by the cabinet consistent with the state contingency plan. Upon determining that such action has not been taken in a timely manner, the cabinet may issue an order under KRS 224.081 requiring any responsible party to perform a site assessment or remedial action. Prior to performing a site assessment or remedial action, the responsible party shall submit a plan to the cabinet for review and, upon approval, shall implement the plan and submit a report within the time limits specified by the cabinet. Nothing herein shall require submittal of a plan prior to commencing immediate spill containment measures or emergency response measures under the oversight of the cabinet's emergency response team.*

***action issued pursuant to KRS 224.081 or has otherwise failed to take timely action, the cabinet may perform a site assessment or remedial action or may arrange for cleanup of the site pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act as amended. A responsible party may challenge the cabinet's site assessment or remedial action pursuant to KRS 224.081(2); but the cabinet may proceed to perform a site assessment or remedial action or otherwise arrange for cleanup of the site during the pendency of the challenge if the responsible party fails to perform the site assessment or remedial action.***

***(12) The cabinet may seek recovery of all costs which it has incurred in response to a release or threatened release of a hazardous substance at a site. The cabinet may obtain a declaratory judgment for response costs which will be incurred by the cabinet in the future. Liability for these costs shall be determined in accordance with this Act. Any responsible party which fails to comply with the cabinet's order for site assessment or remedial action issued pursuant to KRS 224.081 shall be liable for an amount equal to three (3) times the response costs incurred by the cabinet. The statute of limitations for recovery of response costs shall commence upon completion of all necessary remedial action at a site. All amounts recovered by the cabinet pursuant to this section shall be deposited in the hazardous waste management fund.***

***(b) The hydrogeologic characteristics of the facility and the surrounding area;***

***(c) The proximity, quality, and current and future uses of nearby surface water and goundwater;***

***(d) The potential effects of residual contamination on nearby surface water and groundwater;***

The lien shall be filed with the county clerk of the county in which the property of the person is located.

***(15)***[~~(8)~~] Nothing in this section shall replace the financial and technical assistance available to the Commonwealth pursuant to section 311 of the Federal Clean Water Act, [~~(~~]Public Law 92-500,[~~)~~] as amended, but rather shall be used to provide the Commonwealth with a mechanism for ***additional response to releases of hazardous substances*** [~~more immediate response to emergencies resulting from the discharge of hazardous substances~~].

***(16) Liability, defenses to liability and limitations to liability shall be determined in accordance with Section 107(a) through (d) of the Comprehensive Environmental Response, Compensation and Liability Act, as amended.***

If the cabinet reasonably determines as a result of an investigation, sample, or inspection that there has been a release, the cabinet may enter the site and areas proximate to the site and undertake actions as it deems necessary, including a site assessment or remedial action. During the course of any site assessment or remedial action, the cabinet may restrict and deny entry to the site and surrounding areas to protect the public health and the environment and to provide for the efficient, expeditious, and safe conduct of the actions taken. The restriction and denial shall not preclude access by the owner or occupant of the site provided that the person complies with all safety and operational procedures established by the cabinet and provided the person does not interfere with the efficient, expeditious, and safe conduct of the action.***

***(7) The cabinet may require any person who has or may have information relevant to any of the following to furnish, upon reasonable notice, information or documents relating to the following subjects:***

***(9) The cabinet shall prepare and annually update an inventory of all sites in the Commonwealth at which there is or has been disposal or release of a hazardous substance. In preparing the inventory the cabinet shall assess the impact of each site on public health and the environment and identify the relative priority for remedial action based on information available to the cabinet. Upon determining that a site assessment or remedial action is unnecessary or has been completed at a particular site, the cabinet shall remove the site from the inventory. A separate inventory of sites where a remedial action involving on-site containment or treatment has been performed and other sites where remediation of the environment has not been achieved shall be maintained. Upon determining that such action has not been taken in a timely manner, the cabinet may issue an order under KRS 224.081 requiring any responsible party to perform a site assessment or remedial action. Prior to performing a site assessment or remedial action, the responsible party shall submit a plan to the cabinet for review and, upon approval, shall implement the plan and submit a report within the time limits specified by the cabinet. A responsible party may challenge the cabinet's site assessment or remedial action pursuant to KRS 224.081(2); but the cabinet may proceed to perform a site assessment or remedial action or otherwise arrange for cleanup of the site during the pendency of the challenge if the responsible party fails to perform the site assessment or remedial action.***

***(12) The cabinet may seek recovery of all necessary costs reasonably incurred in response to a release of a hazardous substance at a site. The cabinet may obtain a declaratory judgment for response costs which will be incurred by the cabinet in the future. Liability for these costs shall be determined in accordance with this Act. Any responsible party which fails to comply with the cabinet's order for site assessment or remedial action issued pursuant to KRS 224.081 shall be liable for the response costs incurred by the cabinet. The statute of limitations for recovery of response costs shall commence upon completion of all necessary remedial action at a site. The cabinet's regulations shall recognize and incorporate where appropriate and if consistent with the policies of KRS 224.864 to 224.874 any deadline extensions, studies, and specialized requirements for specific kinds of special wastes that are or may be undertaken at the federal or other levels of government.

(2) Generators of waste oil shall be exempt from the provisions of KRS 224.864 and 224.866 so long as waste oil is not specified as a hazardous waste in regulations pursuant to KRS 224.864(3) but may be regulated by the cabinet consistent with the Resource Conservation and Recovery Act of 1976, as amended (Public Law 94-580) and regulations issued pursuant thereto.

**HJR 178,** A JOINT RESOLUTION relating to the economic growth and development of Kentucky.

WHEREAS, the General Assembly of the Commonwealth of Kentucky recognizes that the Commonwealth comprises several major geographic regions, each differing in terms of economy, work force readiness and training, heritage and culture, terrain and other physical features; and

WHEREAS, in recent years various government, trade, and industry reports often have cited the Commonwealth's strained economic and work force infrastructure as an impediment to meeting the challenges of an emerging global marketplace; and

WHEREAS, the General Assembly finds that the Commonwealth, its agencies, and political subdivisions lack a clear and suitable direction for developing economic and work force strategies deemed appropriate to promoting and effectuating state and regional economic diversification, and to designing and implementing attendant work force readiness, training, and related support services; and

WHEREAS, the General Assembly further finds that the difficulties encountered by private and public sectors to diversify regional and local economies within the Commonwealth, and to create new and expanded job opportunities, are not the result of a single cause, but involve a complex range of human, economic, and physical factors; and

WHEREAS, the General Assembly further finds that before any rational state economic development strategy is developed, a partnership of local and state governments working closely with public and private educators, representatives of business, labor, and industry, and local citizenry must be forged to ensure that the Commonwealth's needs for new and expanded job opportunities are adequately met and placed in harmony with Kentucky's rich heritage; and

WHEREAS, the General Assembly declares that economic diversification is a legitimate economic strategy to mitigate the harsh realities of job displacement and layoffs; and

WHEREAS, recent public news accounts attest to the fact that disruptive economic forces are now at work throughout the Commonwealth, as evidenced by numerous actual and proposed plant closings and job layoffs, which are catastrophic to the communities and families affected; and

WHEREAS, it is the intent of the General Assembly to lessen the impacts of the economic upheavals associated with plant closings and major job displacements by directing the economic development and work force training and support service agencies of the Commonwealth to initiate immediately a strategic planning process capable of anticipating impending economic upheavals, and to take whatever steps are deemed appropriate to mitigate the effects of such situations; and, furthermore, it is the intent of the General Assembly that this process shall guide the rational application of the Commonwealth's limited economic and work force resources toward the goal of state and regional economic diversification by the year 2000;

NOW, THEREFORE,

*Be it resolved by the General Assembly of the Commonwealth of Kentucky:*

Section 1. In regards to implementing its research and evaluation function, the task force may on its own initiative consider any matter that relates to the economic development of this state, including any federal initiative that may have a potential impact on the state's economy. SCR 74, A CONCURRENT RESOLUTION directing the Task Force on Economic Development and Tourism to study the potential impacts of reductions in defense spending on the economy of Kentucky.

WHEREAS, the President of the United States has proposed to the Congress, pursuant to the Gramm-Rudman-Hollings budget balancing law, that the federal budget deficit for federal fiscal year 1991 be no more than $64 billion; and

WHEREAS, the President and his defense advisers have determined that total military spending for federal fiscal year 1991 need not rise above $292.1 billion, which is $6 billion less than needed to keep up with current inflation, considering lessened East-West tensions resulting from the reduced military threat of the Warsaw Pact; and

WHEREAS, the U. S. Department of Defense has determined that reduced military spending necessitates cutbacks and reductions in military forces and operations throughout the nation beginning in 1991; and

WHEREAS, as part of these proposed cutbacks, the Bush Administration has targeted several military installations in or near the Louisville metropolitan area, including: the proposed shutdown of the Louisville Naval Ordnance Station which would phase out 2,315 civilian jobs in the Louisville metropolitan area; the proposed reduction of 3,100 military personnel attached to the 194th Armored Brigade at Ft. Knox which may result in a projected annual payroll loss of $57.4 million to the area's economy; and, cutbacks in operations at the Army Ammunition Plant at Charlestown, Indiana, which would result in the phase out of 1150 civilian jobs within the Kentuckiana area by 1993; and

WHEREAS, in addition to these closings and personnel reductions, cutbacks in military procurement spending may adversely impact Kentucky industries and businesses currently providing goods and services to the nation's military forces;

NOW, THEREFORE,

*Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:*

Section 1. The Task Force on Economic Development and Tourism shall study the potential adverse impacts of reductions in defense spending on the economy of Kentucky, including the effects of: cutbacks in military procurement of Kentucky goods and services, proposed reductions in military and civilian personnel at Ft. Knox, Kentucky, and the proposed closure of the Louisville Naval Ordnance Station, which is scheduled to begin in late 1991 or early 1992.

Section 2. The task force shall consider and, as necessary, develop legislative proposals and recommendations in order to mitigate the effects of these proposed actions by the Department of Defense on the state's workforce and economy.

Section 3. The task force shall report its initial findings to the Legislative Research Commission on or before December 30, 1990, and it shall issue a final report to the Legislative Research Commission on or before September 30, 1991.

Section 4. Legislative Research Commission staff services to be utilized in the conduct of this study are estimated to cost $25,000, and shall be provided from the regular commission budget, subject to the limitations and other research responsibilities of the Commission.

**SJR 92,** A CONCURRENT RESOLUTION requesting the Secretary of Transportation to notify the United States Department of Energy of its intention to make various transportation improvements in McCracken County.

WHEREAS, the Paducah Gaseous Diffusion Uranium Enrichment Plant currently employs approximately 1500 workers, with hundreds and possibly even thousands of other citizens being employed indirectly in various capacities as a result of the plant's existence; and

WHEREAS, the United States Department of Energy is currently developing a new uranium enrichment process known as U-AVLIS, uranium atomic vapor laser isotope separation; and

WHEREAS, the new U-AVLIS uranium enrichment process will make the technology currently used at the Paducah plant obsolete; and

WHEREAS, the United States Department of Energy is currently evaluating Portsmouth, Ohio; Oak Ridge, Tennessee; and Paducah, Kentucky, as potential sites for the location of the new U-AVLIS plant; and

WHEREAS, the new U-AVLIS plant, if built in Kentucky, would represent an investment of $1 billion in federal tax dollars for capital construction, and this investment of federal tax dollars would create thousands of construction jobs; and

WHEREAS, once the U-AVLIS plant is fully on line it will provide steady, quality work for 1,300 people, and hundreds and possibly even thousands of other jobs will be retained as a result of the U-AVLIS Plant; and

WHEREAS, the United States Department of Energy plans to choose the final site for the U-AVLIS plant by mid 1992 with the preliminary site being chosen in late 1991; and

WHEREAS, if U.S. 60 is not widened to four lanes, from the I-24 interchange to the Paducah Gaseous Diffusion Uranium Enrichment Plant's access road, and if the rail line from Paducah to the plant is not upgraded, Paducah will not be chosen as the site for the new U-AVLIS plant; and

WHEREAS, the widening of U.S. 60 to four lanes, from the I-24 interchange to the Paducah Gaseous Diffusion Uranium Enrichment Plant's access road, and upgrading the rail line from Paducah to the plant will insure that Paducah remains a contender for the new U-AVLIS plant;

NOW, THEREFORE,

*Be it resolved by the Senate of the Commonwealth of Kentucky, the House of Representatives concurring therein:*

Section 1. That the Transportation Cabinet express its intention to the United States Department of Energy to widen U.S. 60 to four lanes, from the I-24 interchange to the access road leading to the Paducah Gaseous Diffusion Uranium Enrichment Plant by the inclusion of U.S. 60 in the six-year road construction plan that is to be presented to the 1990 General Assembly.

Section 2. That the Transportation Cabinet express its intention to immediately establish a cost estimate to upgrade the rail line from Paducah to the Paducah Gaseous Diffusion Uranium Enrichment Plant.

Section 3. That the Transportation Cabinet notify the United States Department of Energy of its schedule for completion of the U.S. 60 project and report its findings on the cost estimates, for rail improvements to the United States Department of Energy within three (3) days after the effective date of this Resolution.

Section 4. That a copy of this Resolution be sent to the Secretary of the United States Department of Energy, the Governor of the Commonwealth of Kentucky, the secretary of the Kentucky Transportation Cabinet, and the secretary of the Kentucky Cabinet for Economic Development and Tourism.

**SJR 93,** A JOINT RESOLUTION directing the Cabinet for Economic Development to establish and continue the statewide Wood Industry Leadership Commission.

WHEREAS, the Kentucky Wood Industry Leadership Network has been created and charged by the Cabinet for Economic Development with responsibility for reviewing the recommendations of the Forest Products Industry Task Force and its accompanying Five-Year Targeted Investment and Marketing Plan; and

WHEREAS, the current active status of the Leadership Network is made possible under Appalachian Regional Commission grant 89-121, which is scheduled to end September 30, 1990; and

WHEREAS, the Leadership Network, at its preliminary meeting held February 10, 1990, found that the level of effort which would be required to evaluate, prioritize and estimate the cost of the specific initiatives contained in the Five-Year Plan was too great to allow for specific and meaningful funding requests to be made to the 1990 session of the Kentucky General Assembly; and

WHEREAS, the Leadership Network and the Cabinet for Economic Development feel it is imperative that the evaluation, prioritizing, and policy guidance functions of the Leadership Network be continued through the 1991-1992 biennium if the Commonwealth is to most effectively direct the development of the wood products industry in Kentucky; and

WHEREAS, the Leadership Network seeks to receive further official definition of its own scope of authority, responsibility and accountability;

NOW, THEREFORE,

*Be it resolved by the General Assembly of the Commonwealth of Kentucky:*

Section 1. That the Cabinet for Economic Development be directed to formally establish and continue on a statewide basis through the 1992 fiscal year the Kentucky Wood Industry Leadership Commission, whose charge shall be to prioritize and further define the recommendations outlined in the Kentucky Forest Products Industry Task Force report in order that these initiatives may be efficiently implemented.

Section 2. That the membership of the commission shall consist of the Secretary of the Economic Development Cabinet, who shall serve as the chairman of the commission, and those persons currently serving upon the Kentucky Wood Industry Leadership Network, and shall be limited to no more than twelve (12) members. As vacancies in the membership of the commission occur, the Secretary of the Cabinet for Economic Development shall appoint replacement members to the commission; however, the membership of the commission shall at all times include representatives of the Commonwealth's primary wood industry, representatives of the secondary wood industry, representatives of the state's universities, and a representative of the state's forestry division.

The last report due to the task force on September 1, 1991, shall include all recommendations developed by the commission for consideration by the 1992 General Assembly.

"Section 9. KRS 6.515 is amended to read as follows:

(1) Service credit in the Legislators' Retirement Plan ***shall*** [~~can~~] be acquired only by service as a legislator after July 1, 1980, while a member of the plan, [~~or~~] by transfer of credit as provided in KRS 6.505***, or by purchase of military service credit pursuant to subsection (2) of this section.***

(2) ***(a) Any active member of the Legislators' Retirement Plan who has at least five (5) years of service credit in the Legislators' Retirement Plan, or his beneficiary acting in his place if the member dies prior to retirement, shall receive service credit for a maximum of four (4) years for his period of service in the armed forces of the United States, if his discharge therefrom is honorable and he has not been credited with the service by any other retirement system administered by the Commonwealth of Kentucky, by paying the retirement system fifty percent (50%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the legislator in question pursuant to KRS 6.520. Service credit awarded pursuant to this subsection shall be equivalent, for all purposes of the Legislators' Retirement Plan, to other service credit earned in the plan.***

***(b) The beneficiary may purchase military service credit only at one (1) time by lump sum payment for the amount of service he wishes to purchase, and the payment shall be made within thirty (30) days of the death of the active member. The member may purchase all of his military service credit at one (1) time, or in increments of no less than one (1) year, unless there is a fraction remaining after all full years have been paid for. Payment of the total or the increment may be made by lump sum or by monthly installments through payroll deduction. If the member chooses to pay by installment, the cost of the service credit shall be computed in the same manner as for a lump sum payment, which shall be the principal. Interest, at the annual actuarial rate in effect at the time each payment is made, shall be added to each monthly payment at the rate of one-twelfth (1/12) of the annual interest rate applied to the declining principal amount. Installment purchases shall be for no less than twelve (12) nor more than sixty (60) months. If the member leaves office before completing his installment payments, he may satisfy his contract by a lump sum payment of the remaining principal amount, but no further installment payments shall be accepted thereafter. In this case, the member shall be credited with the military service credit for which he has paid, in years or months but no fraction less than a full month, and any payment remaining after credit for full months has been awarded shall be returned to the member.***

***(c) The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 6.505(2).***

***(d) No veteran shall be eligible to purchase military service credit under this section if he is receiving a military pension or is eligible for a military pension in the future, unless the military pension is for service primarily on inactive duty in a reserve component of the armed forces, or is a disability pension which does not exceed five hundred dollars ($500) monthly.***

*(3)* If spouses both serve in the General Assembly, but not simultaneously, they may combine their service credit in the Legislators' Retirement Plan for all purposes of that plan into a single account, and may jointly designate to whom the service retirement allowance shall be paid. The designation shall not be changed once it is made. Assuming equal service credit, the benefits paid, pursuant to this section, to a legislator and his or her spouse who also served as a legislator shall not exceed the benefits that the same legislator and his or her spouse would receive if the spouse had not served as a legislator.

*(4)*[~~(3)~~] In the event of divorce, rights to benefits shall be considered marital property subject to the provisions of KRS 403.190.

*(5)*[~~(4)~~] A former legislator whose spouse currently serves in the General Assembly and who received a refund of contributions pursuant to KRS 21.460 may repurchase service credit which he or she previously had by repaying the amount refunded with interest at six percent (6%) per annum, and *the* [~~such~~] service credit shall become part of the single account authorized by subsection (2) of this section."; and

### Message from the Governor

Announcing veto of **HB 317**.

Pursuant to the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I, Wallace G. Wilkinson, Governor of the Commonwealth of Kentucky, do hereby veto House Bill 317. This bill substantially liberalizes the use of dealer plates in the Commonwealth. Although some clarification in the existing law might be needed, this bill allows the plates to be used by dealers, their salesmen, and employees "without regard to purpose." It can be interpreted as permitting a customer of a dealer to use such a plate for up to nine months. I know that responsible dealers would not abuse this legislation, but the potential for abuse by others is too great to permit this bill to become law. At a time when we are asking our citizens to bear a greater burden in funding our schools, we cannot afford to create potential tax breaks of this magnitude for any particular group without sufficient justification.

**HB 812**, AN ACT relating to retirement, making an appropriation therefor, and declaring an emergency.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 61.595 is amended to read as follows:

(1) Effective ***July 1, 1990*** [~~August 1, 1988~~], upon retirement at normal retirement date, or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) for the County Employees Retirement System and one and ***ninety-seven*** [~~ninety-one~~] hundredths percent ***(1.97%)*** [~~(1.91%)~~] for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit. ***It is the intent of the General Assembly that when it would be prudent to do so given the funding status of the Kentucky Employees' Retirement System, it shall amend this subsection to increase the annual accrual rate of the Kentucky Employees' Retirement System to two percent (2%). This rate, when coupled with Social Security benefits which the state also funds, will provide career employees of the state and its political subdivisions with retirement benefits sufficient to insure their financial security throughout their retirement. It is recognized that an initially adequate retirement benefit can be diminished severely by price inflation. Therefore, it is the intention of the General Assembly, after attaining a two percent (2%) accrual rate for state and local government employees, to direct financial resources to funding retiree cost-of-living adjustments pursuant to KRS 61.691, so that the retirement security provided to state and local government employees through the Kentucky Employees Retirement System and the County Employees Retirement System can be maintained. Exceptions to the retirement allowances found in this paragraph include***[~~; except that~~]:

(a) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(b) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(c) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 regular session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, ***if the*** [~~provided such~~] member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the board, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of ***the*** [~~such~~] computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any [~~such~~] member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(d) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(e) The annual retirement allowance for a member of the Kentucky Employees Retirement System or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) There shall be no reduction in the retirement allowance of the member who has thirty (30) or more years of service credit, at least fifteen (15) of which are current service. A member who has earned vested service credit in a retirement system, other than the teachers' retirement system, sponsored by a Kentucky institution of higher education may count ***the*** [~~such~~] vested service toward attaining thirty (30) years of service credit to qualify for an unreduced retirement allowance. ***The*** [~~Such~~] credit from a Kentucky institution of higher education shall not be used, however, to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of teachers' retirement system credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the state Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is one dollar ($1) greater or less than the amount of the initial retirement payment.

Section 2. KRS 61.691 is amended to read as follows:

(1) Effective August 1, 1988 and July 1, 1989, a recipient of a retirement allowance under KRS 16.510 to 16.652, 61.515 to 61.705 and 78.520 to 78.852 shall have his retirement allowance increased by four and one-half percent (4 1/2%). ***Beginning August 1, 1990 and continuing each July 1 thereafter, the board shall increase retirement allowances for each recipient of a retirement allowance under KRS 16.510 to 16.652, 61.515 to 61.705 and 78.520 to 78.852 out of the rate margin for each respective system. For this purpose, the rate margins for hazardous and nonhazardous categories of the Kentucky Employees Retirement System and the County Employees Retirement System shall be calculated separately. Each recipient shall receive an increase equal to the increase in the consumer price index for all urban consumers for the preceding calendar year, but no more than five percent (5%) and no more than can be supported by the rate margin for the system from which the recipient has retired. If the rate margin is not sufficient to fund the allowable increase, the board shall fund in that year so much of the increase as can be paid out of the margin. The board shall fund the deficiency on a deferred basis out of the rate margins of any of the four (4) subsequent years, if funds are sufficient after payment of the allowable increase for the year in question*** [~~Thereafter, the board shall increase retirement allowances each year of the biennium by fifty percent (50%) of the rate margin for the nonhazardous members of the Kentucky employes retirement system as determined by the board's actuary in the annual actuarial valuation prior to the biennium with a maximum increase of five percent (5%) per year, as averaged over a five (5) year period. The first period for averaging shall be from July 1, 1986, to August 1, 1990. Each year thereafter, the next year shall be added and the first year shall be dropped from the five (5) year averaging period~~].

(2) A re-employed retired member whose payments are suspended as provided under KRS 61.637 shall be eligible for an increase in his suspended retirement allowance as provided under this section, computed as if he were receiving ***the*** [~~said~~] retirement allowance at the time ***the*** [~~such~~] increase under this section is effective.

Section 3. In recognition that the Attorney General has advised in OAG 90-6 that the transfer in 1988 Acts Chapter 437, Part VIII of three million, three hundred thousand dollars ($3,300,000) from the Kentucky Retirement Systems to the General Fund was an unlawful impairment of the state's obligation to its employees, there is appropriated to the Kentucky Employees' Retirement System out of the General Fund for the fiscal year 1990-91 the sum of three million, six hundred and fifty-six thousand, six hundred and sixty-four dollars ($3,656,664). This sum represents ninety-five percent (95%) of the three million, three hundred thousand dollars ($3,300,000) transfer from the Kentucky Retirement Systems to the General Fund, compounded for two (2) years at the actuarially assumed interest rate adopted by the Kentucky Retirement Systems Board of Trustees.

Section 4. Whereas, retirement checks are processed on a monthly basis and administrative difficulties would result if retirement factors were to change in the middle of a month, an emergency is declared to exist, and this Act shall take effect on July 1, 1990.

**SB 132,** AN ACT relating to retirement.

*Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

Section 1. KRS 61.595 is amended to read as follows:

(1) Effective August 1, 1988, upon retirement at normal retirement date, or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two percent (2%) for the County Employees Retirement System and one and ninety-one hundredths percent (1.91%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except that:

(a) The annual normal retirement allowance for members of the General Assembly, who serve during the 1974 or 1976 General Assembly, and will have eight (8) years or more of total legislative service as of January 6, 1978, shall not be less than two hundred forty dollars ($240) multiplied by the number of years of service as a member of the General Assembly;

(b) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(c) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 regular session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, provided such member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the board, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of such computed actuarial cost shall be paid from the state treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any such member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(d) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

(e) The annual retirement allowance for a member of the Kentucky Employees Retirement System or County Employees Retirement System shall not exceed the maximum benefit as set forth in the Internal Revenue Code.

(2) (a) Upon service retirement prior to normal retirement date, a member may receive an annual retirement allowance payable monthly during his lifetime which shall be determined in the same manner as for retirement at his normal retirement date with years of service and final compensation being determined as of the date of his actual retirement, but the amount of the retirement allowance so determined shall be reduced to reflect the earlier commencement of benefits.

(b) There shall be no reduction in the retirement allowance of the member who has thirty (30) or more years of service credit, at least fifteen (15) of which are current service, ***but a member of the Kentucky Employees Retirement System who has twenty-seven (27) or more years of service credit, at least fifteen (15) of which are current service, may retire with no reduction in the retirement allowance.*** A member who has earned vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education may count such vested service toward attaining thirty

(30) years of service credit to qualify for an unreduced retirement allowance. Such credit from a Kentucky institution of higher education shall not be used, however, to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is one dollar ($1) greater or less than the amount of the initial retirement payment.

Section 2. KRS 61.559 is amended to read as follows:

(1) In lieu of any other benefits due under KRS 61.510 to 61.705 and KRS 78.520 to 78.852 a member who has attained the age of sixty-five (65) and who has obtained at least one (1) month of service credit but no more than forty-seven (47) months of service, may elect to receive an annual retirement allowance payable monthly or less frequently as determined by the board which shall be determined by multiplying his accumulated contributions by two (2) and converting this amount to an annual retirement allowance based on an annuity rate adopted by the board which would pay the actuarial equivalent of twice his accumulated contributions over the lifetime of the retired member.

(2) A member sixty-five (65) years of age or older is eligible for a retirement allowance determined under KRS 61.595 provided such member has forty-eight (48) months of service, at least twelve (12) of which are current service, or a retirement allowance determined under KRS 61.595 prior to age sixty-five (65) provided:

(a) The member has attained age fifty-five (55) and has service of sixty (60) months at least twelve (12) of which are current service; or

(b) The member is a retired member of the State Police Retirement System, has attained age fifty-five (55), and has service of forty-eight (48) months at least twelve (12) of which are current service; or

(c) The member is less than age fifty-five (55) and has twenty-five (25) or more years of service, at least fifteen (15) of which are current service; or

(d) The member has thirty (30) or more years of service, at least fifteen (15) of which are current service, ***or the member of the Kentucky Employees Retirement System has twenty-seven (27) or more years of service, at least fifteen (15) of which are current service***; or

(e) The member has attained age fifty-five (55) and was an employee of a parted employer at the time his employer became ineligible to continue participation in the system, and his service in the system when added to his service with the parted employer subsequent to his separation from state government equals the early retirement service eligibility requirement of the system on the date his employer became ineligible to continue participation in the system.

*(1) The State Board for Elementary and Secondary Education shall be responsible for creating and implementing a statewide, primarily performance-based assessment program to ensure school accountability for student achievement of the goals set forth in Section 2 of this Act. The program shall be implemented as early as the 1993-94 school year but no later than the 1995-96 school year. The board shall also be responsible for administering an interim testing program to assess student skills in reading, mathematics, writing, science, and social studies in grades four (4), eight (8) and twelve (12). The tests shall be designed to provide the state with national comparisons and shall be the same as, or similar to those used by the National Assessment of Educational Progress. The interim testing program shall begin during the 1991-92 school year and shall be administered to a sample of students representative of each school and the state as a whole. SECTION 5. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

***It is the intent of the General Assembly that schools succeed with all students and receive the appropriate consequences in proportion to that success.***

***(1) The State Board for Elementary and Secondary Education shall promulgate administrative regulations to establish a system of determining successful schools and dispensing appropriate rewards. The system shall be based on the following:***

***(a) A school shall be the unit of measure to determine success;***

***(b) School success shall be determined by measuring a school's improvement over a two (2) year period;***

***(c) A school shall be rewarded for an increased proportion of successful students including those students who are at risk of school failure;***

***(d) A threshold level for school improvement shall be established by the board to determine the amount of success needed for a school to receive a reward. The threshold definition shall establish the percentage of increase required in a school's percentage of successful students as compared to a school's present proportion of successful students with consideration given to the fact that a school closest to having one hundred percent (100%) successful students will have a lower percentage increase required;***

***(e) Rewards shall be given to the school on behalf of the full-time, part-time, and itinerant instructional staff of a school who generate the reward when the school achieves at least one percent (1%) gain over its threshold as defined in paragraph (d) of this subsection. Substitute teachers shall not be used in calculating the reward;***

***(f) Rewards shall be calculated by applying the percentage set by the General Assembly in the biennial budget to the current annual salary of each certified staff person employed in the school on the last working day of the year of the reward. The reward for part-time and itinerant staff shall be calculated for the proportion of time spent in the school. The staff person's identity shall be maintained when his share of the reward is deposited to the school's account;***

***(g) The certified staff members shall by majority rule collectively decide on the ways the reward funds shall be spent. ***(4) A school in which the proportion of successful students declines by less than five percent (5%) shall be required to develop a school improvement plan, shall be eligible to receive funds from the school improvement fund, and shall have one (1) or more Kentucky distinquished educators assigned to the school to carry out the duties as described in Section 6 of this Act. If the school does not meet its threshold after the next biennial review the school shall be subject to the requirements of subsection (5) of this section.***

***(5) A school in which the proportion of successful students declines by five percent (5%) or more shall be declared by the State Board for Elementary and Secondary Education to be a "school in crisis." ***(a) The full-time and part-time certified staff of that school shall be placed on probation;***

***(b) The principal shall immediately notify the students' parents of the students' right to transfer to a successful school with procedures for initiating the request;***

***(c) Within thirty (30) days after the declaration by the state board under this subsection, any student in that school may request and shall be allowed to transfer to a successful school as determined under the provisions of subsection (2) of this section. The superintendent shall select the receiving successful school in the home district or make arrangements with a neighboring district. If two (2) districts cannot agree, the superintendent of the student's resident district shall request the State Board for Elementary and Secondary Education to resolve the issue and make a decision on the placement of the student within thirty (30) days of the request. The board of the district in which the student resides shall be responsible for all tuition and transportation costs incurred as a result of a student transferring from a "school in crisis" to a successful school. If a decline in student enrollment causes overstaffing at the "school in crisis," personnel shall be reduced or transferred pursuant to KRS 161.760 and 161.800.***

***(d) One (1) or more Kentucky distinquished educators shall be assigned to the school by the commissioner of education to carry out the duties as described in Section 6 of this Act. Notwithstanding any other statute to the contrary, at the end of six (6) months, the Kentucky distinquished educator shall evaluate and make a recommendation to the superintendent regarding the retention, dismissal, or transfer of each full-time and part-time certified staff member. Recommendations for transfer shall conform to any employer-employee bargained contract which is in effect. Recommendations for dismissal shall be binding on the superintendent who shall notify the staff member pursuant to KRS 161.790. This evaluation process shall continue every six (6) months until the school is no longer a "school in crisis" as determined by the State Board for Elementary and Secondary Education; and***

***(e) The school shall be required to develop a school improvement plan and shall be eligible to receive funds from the school improvement fund.***

***(6) The State Board for Elementary and Secondary Education shall develop a system of rewards and sanctions for certified staff who are not assigned to a school in a local school district. The system shall be analogous to the system described in subsections (1) through (5) of this section. Rewards shall be given to non-school based staff when the district's proportion of successful students increases above a threshold adopted by the state board and comparable to the threshold adopted for schools. Sanctions shall be imposed when the proportion of successful students in the district declines in the same proportion used to determine school sanctions under subsections (3), (4), and (5) of this section. A school district that does not meet its threshold shall be required to develop a district improvement plan defined in KRS 158.650.***

***(7) A school district in which the proportion of successful students declines by five percent (5%) or more shall be assigned one (1) or more Kentucky distinquished educators to assist the system, evaluate personnel, and notwithstanding any other statute to the contrary, make personnel recommendations every six (6) months on retention, dismissal, or transfer. Personnel recommendations shall be made to the superintendent. Recommendations on the superintendent's status shall be made to the local board of education. If the recommendation is to terminate the superintendent, the board shall terminate the contract pursuant to KRS 160.350. If a district has a declining proportion of successful students for two (2) consecutive biennial assessment periods, the district shall be declared an education development district pursuant to KRS 158.685 and the board members and the superintendent shall be removed under the provisions of KRS 156.132 and 156.136.***

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a teacher educator from a state-approved teacher training institution to be appointed by the president of that institution. ***If*** [~~In the event that~~] more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal. In unusual situations, the ***chief state school officer*** [~~superintendent of public instruction~~] may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee. ***If*** [~~In the event~~] the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district. In the case of a nonpublic school, if the teacher training institution is unable to provide a member to serve on the beginning teacher committee, the chief officer of the school shall appoint an instructional supervisor or a teacher with like qualifications and responsibilities to serve on the beginning teacher committee in lieu of the teacher educator. The resource teacher shall be appointed by the Department of Education from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the Department of Education for work done outside normal working hours. In the case of a resource teacher in a nonpublic school, payment shall be made directly to the resource teacher by the Department of Education. Priority shall be given to resource teachers with the same certification as the teacher intern in the following order:

(a) Teachers in the same school;

(b) Teachers in the same district; and

(c) Teachers in an adjacent school district.

The committee shall meet with the beginning teacher a minimum of three (3) times per year for evaluation and recommendation with all committee members present. In addition, each member of the committee shall observe the beginning teacher in the classroom a minimum of three (3) times per year. If the teacher's first year performance is judged by the committee to be less than satisfactory, the teacher shall be provided with an opportunity to repeat the internship one (1) time if the teacher is employed by a school district.

(7) The resource teacher shall spend a minimum of seventy (70) hours working with the beginning teacher; twenty (20) of these hours shall be observing the beginning teacher in the classroom setting; fifty (50) of these hours shall be in consultation other than class time or attending assessment meetings. The resource teacher shall have completed at least four (4) years of successful teaching experience as attested to by his or her immediate supervisor or by having achieved tenure and be able to show evidence of continuing professional development by having achieved a master's degree or its equivalent or the accumulation of two thousand (2,000) hours of continuing professional activities.

(8) By contract with teacher education institutions in the Commonwealth, the ***chief state school officer*** [~~superintendent of public instruction~~] shall provide special training for persons who will be serving on the beginning teacher committees. Completion of special training shall be evidenced by successfully passing the

examinations as prescribed by the [~~state board for elementary and secondary~~] Education ***Professional Standards Board.***

(9) ***If*** [~~In the event~~] an applicant establishes eligibility for a one (1) year certificate under the provisions of subsection (3) of this section, but does not become employed on the basis needed to satisfy the one (1) year internship requirement, the applicant shall be eligible for the issuance of a certificate for substitute teaching as provided by the administrative regulations of the [~~state board for elementary and secondary~~] Education ***Professional Standards Board.*** The applicant shall remain eligible for the one (1) year certificate, as provided in subsection (3) of this section, and for the opportunity to serve the internship for a period of four (4) years after establishing eligibility. If the internship is not completed within the four (4) year period, the applicant must re-establish eligibility by repeating and passing the testing program in effect for new teachers at that time.

(10) The [~~state board for elementary and secondary~~] Education ***Professional Standards Board*** shall approve the curricula of any standard college or university, or of any department thereof, for the training of teachers, ***and shall also approve the curricula of any local district alternative certification program,*** when the curricula comply with the administrative regulations of the [~~state board for elementary and secondary~~] Education ***Professional Standards Board*** for the issuance of certificates and when the institution has met the terms and conditions provided in KRS 161.010 to 161.120. Any student who has completed any of these curricula, as approved by the [~~state board for elementary and secondary~~] Education ***Professional Standards Board,*** and who has completed the prescribed requirements for the issuance of certificates shall be granted a certificate corresponding to the curricula completed.

(2) The [~~state board for elementary and secondary~~] Education ***Professional Standards Board*** and the Council on Higher Education shall evaluate the preparation programs for principals and maintain only those institutional programs that can demonstrate both the quality and the capability to enroll adequate numbers of students to justify the resources necessary for maintenance of a quality program.

(3) The [~~state board for elementary and secondary~~] Education ***Professional Standards Board*** shall develop or select appropriate tests for applicants seeking certification as principals, including:

(a) A generic test to assure an acceptable level of communication skills, general knowledge and professional education concepts related to, but not limited to, instructional leadership, management and supervisory skills; and

(b) A specialized examination on the current instructional and administrative practices in Kentucky public education.

The internship shall not be required of applicants who have completed, within a ten (10) year period prior to making application, at least two (2) years of successful experience as a principal in a school situation. The [~~state board for elementary and secondary~~] Education ***Professional Standards Board***, by administrative regulation, shall establish the internship program.

(6) [~~Effective January 1, 1988,~~] The certification of principals shall require the successful completion of the examinations required by subsection (3) of this section.

(7) [~~Effective July 1, 1988, and~~] Upon successful completion of the approved preparation program and the examinations, the ***chief state school officer*** [~~superintendent of public instruction~~] shall issue to the applicant a statement of eligibility for internship valid for four (4) years. If the applicant does not participate in an internship program within the four (4) year period, the applicant ***shall*** [~~must~~] re-establish eligibility by repeating and passing the examinations in effect at that time. The granting of successive annual contracts to the holder of an adjunct instructor certificate shall not give rise to a claim of expectation of continuing employment.

(4) Local school boards may contract with [~~such~~] certificated adjunct instructors for part-time services on an hourly, daily or other periodic basis as best meets the needs of the board. An adjunct instructor shall not fill a position for which a qualified teacher with a regular certificate is available at the time of the signing of the contract. (2) No portion of the certification shall be deleted for any subject or assignment in which the teacher has had experience during the three (3) year period preceding the request in an amount equivalent to one (1) year of full-time employment (140 days) during which at least one (1) period per day was in the subject or assignment corresponding to the portion of the certification requested for deletion.

A transcript or other appropriate verification of completion of the twelve (12) semester hours of credit from the institution approved for teacher education shall be accepted as evidence showing restoration of competency and proficiency in the areas of certification.

Section 65. KRS 161.120 is amended to read as follows:

***(1)*** Any certificate issued under KRS 161.010 to 161.100, or any certificate or license issued under any previous law to superintendents, principals, teachers, supervisors, directors of pupil personnel or other administrative, supervisory or instructional employees may be revoked by the [~~state board for elementary and secondary~~] Education ***Professional Standards Board*** [~~on the written recommendation of the superintendent of public instruction,~~] for immorality, misconduct in office, incompetency***, violation of the school laws of the state or administrative regulations adopted by the State Board for Elementary and Secondary Education,*** [~~or~~] willful neglect of duty, or upon the determination that a certificate applicant presented or declared false information toward obtaining the issuance or renewal of any type of teacher certification. [~~Before the certificate is revoked the defendant shall be given a copy of the charges against him and an opportunity, upon not less than ten (10) days' notice, to be heard in person or by counsel.~~]

***(2) (a) The superintendent of each local school district shall report in writing to the Education Professional Standards Board the name, Social Security number, position name, and position code of any certified school employee in his district whose contract is terminated or not renewed, for cause; who resigns from, or otherwise leaves, a position under threat of contract termination, or nonrenewal, for cause; who is convicted in a criminal prosecution; or who is otherwise known to have engaged in such actions or conduct as might reasonably be expected to warrant consideration for certificate revocation. The duty to report shall exist without regard to any disciplinary action, or lack thereof, by the superintendent, and the required report shall be submitted within thirty (30) days of the event giving rise to the duty to report.***

*(b) The district superintendent shall inform the Education Professional Standards Board in writing of the full facts and circumstances leading to the contract termination or nonrenewal, resignation, or other absence, conviction, or otherwise reported actions or conduct of the certified employee, which are based on immorality, misconduct in office, incompetency, violation of school law or administrative regulation adopted by the State Board for Elementary and Secondary Education, willful neglect of duty, or falsification of certification credentials, and shall forward copies of all relevant documents and records in his possession.*

*(3) (a) Upon taking action to initiate proceedings to revoke a certificate, the Education Professional Standards Board shall provide the certified employee a written statement specifying in detail the charge against him and setting a time and date for a hearing. The hearing shall take place no less than twenty (20) days nor more than forty-five (45) days after the certified employee receives the statement of charges.*

*(b) The hearing may be public or private at the discretion of the certified employee. The certified employee may be represented by counsel. The presence of witnesses may be required upon subpoenas issued by the chief state school officer at the request of the chairman of the Educational Professional Standards Board or the certified employee. Each witness shall be required to take an oath or affirmation prior to testimony.*

*(c) Upon hearing the evidence, the Education Professional Standards Board may by a majority vote render its decision or may defer its action for no more than five (5) days.*

*(4) In all cases where the Education Professional Standards Board is unable, after reasonable diligence, to notify a certified individual of a scheduled hearing on pending charges, the hearing shall be continued generally until the individual can be notified or presents himself for hearing. The charges shall not be dropped in the interim, and the fact of pending revocation charges shall be appropriately noted in the individual's certification file.*

*(5) Any individual whose certificate is revoked may apply for reissuance of his certificate when he believes he can demonstrate himself suitable for reissuance, unless the Education Professional Standards Board's order of revocation sets forth a specific minimum period of revocation.*

Section 66. KRS 161.124 is amended to read as follows:

The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

## ARTICLE I. PURPOSE, FINDINGS, AND POLICY

(1) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of ***these*** [~~such~~] persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of ***these*** [~~such~~] programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

(2) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage ***these*** [~~such~~] personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

## ARTICLE II. DEFINITIONS

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

(1) "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(2) "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

(3) "Accept," or any variant thereof, means to recognize and give effect to one (1) or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(4) "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

(5) "Originating state" means a state [~~(~~]and ***its*** [~~the~~] subdivisions [~~thereof~~], if any,[~~)~~] whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

(6) "Receiving state" means a state [~~(~~]and ***its*** [~~the~~] subdivisions [~~thereof)~~] which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

## ARTICLE III. INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS

(1) The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any [~~such~~] contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this Article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

(2) Any [~~such~~] contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

(c) [~~Such~~] Waivers, substitutions, and conditional acceptance as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

(3) No contract made pursuant to this agreement shall be for a term longer than five years but any [~~such~~] contract may be renewed for like or lesser periods.

(4) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(5) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(6) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

## ARTICLE IV. APPROVED AND ACCEPTED PROGRAMS

(1) Nothing in this agreement should be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(2) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

## ARTICLE V. INTERSTATE COOPERATION

The party states agree that:

(1) They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this agreement.

(2) They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

### ARTICLE VI. AGREEMENT EVALUATION

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the agreement, and to formulate recommendation for changes.

### ARTICLE VII. OTHER ARRANGEMENTS

Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

### ARTICLE VIII. EFFECT AND WITHDRAWAL

(1) This agreement shall become effective when enacted into law by two (2) states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(2) Any party state may withdraw from this agreement by enacting a statute repealing the ***agreement*** [~~same~~], but no [~~such~~] withdrawal shall take effect until one (1) year after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states.

(3) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

### ARTICLE IX. CONSTRUCTION AND SEVERABILITY

This agreement shall be liberally construed so as to effectuate ***its*** [~~the~~] purposes [~~thereof~~]. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

Section 67. KRS 161.126 is amended to read as follows:

(1) The "designated state official" for this state shall be the ***chief state school officer*** [~~superintendent of public instruction~~]. The ***chief state school officer*** [~~superintendent of public instruction~~] shall enter into contracts pursuant to article III of the agreement only with the approval of the specific text [~~thereof~~] by the [~~state board for elementary and secondary~~] Education ***Professional Standards Board.***

(2) True copies of all contracts made on behalf of this state pursuant to the agreement shall be kept on file in the office of the ***chief state school officer*** [~~superintendent of public instruction~~] and in the office of the Secretary of State. The ***chief state school officer*** [~~superintendent of public instruction~~] shall publish all [~~such~~] contracts in convenient form.

Section 68. KRS 161.042 is amended to read as follows:

(2) Within the provisions established by the state Board for Elementary and Secondary Education, local boards of education are authorized to enter into cooperative agreements, including financial arrangements, with colleges and universities for the purpose of providing professional laboratory experiences and student teaching experiences for students preparing for the education profession.

(3) A student teacher who is jointly assigned under agreement by a teacher education institution and a local board of education shall have the same legal status and protection as a certificated teacher employed within the school district and shall be responsible to the administrative staff of the school district and the supervising teacher to whom he is assigned.

(4) Teacher education students, other than student teachers, may be permitted through cooperative agreements between the local school district and the teacher education institution, to engage in supplementary instructional activities with pupils under the direction and supervision of the professional administrative and teaching staff of the school district.

Section 69. KRS 161.044 is amended to read as follows:

(1) The State Board for Elementary and Secondary Education shall establish ***administrative*** regulations governing the qualifications [~~and the utilization~~] of teachers' aides and adult volunteer personnel in the common schools. All teachers' aides working in kindergarten classes and all instructional teachers' aides initially employed after July 1, 1986, except those with current teacher certification, shall be subject to the following requirements:

(3) Within the ***administrative*** regulations established by the State Board for Elementary and Secondary Education, ***a*** local ***district*** [~~boards of education~~] may employ teachers' aides in supplementary instructional and noninstructional activities with pupils. While engaged in an assignment as authorized under the ***administrative*** regulations, and as directed by the professional administrative and teaching staff, ***these*** [~~such~~] personnel shall have the same legal status and protection as a certified teacher in the performance of the same or similar duties.

(4) Local ***districts*** [~~boards of education~~] shall give preference to applicants for the position of teacher's aide who have regular or emergency teacher certification.

(5) Within the provisions established by the State Board for Elementary and Secondary Education, local ***districts*** [~~boards of education~~] may utilize adult volunteer personnel in supplementary instructional and noninstructional activities with pupils under the direction and supervision of the professional administrative and teaching staff.

Section 99. KRS 157.370 is amended to read as follows:

(1) In determining the cost of ***transportation*** [~~the foundation program~~] for each district, the ***chief state school officer*** [~~superintendent of public instruction~~] shall determine the average cost per pupil per day of transporting pupils in districts having a similar density of transported pupils per square mile of area served by not less than nine (9) different density groups.

(2) The annual cost of transportation shall include all current costs for each district plus annual depreciation of pupil transportation vehicles calculated in accordance with the [~~Kentucky~~] administrative regulations of the State Board for Elementary and Secondary Education for such districts that operate district-owned vehicles.

(3) The aggregate and average daily attendance of transported pupils shall include all public school pupils transported at public expense who live one (1) mile or more from school.[~~, provided that~~] Handicapped children may be included who live less than this distance from school. The aggregate and average daily attendance referred to in this subsection shall be the aggregate and average daily attendance of transported pupils the prior year adjusted for current year increases in accordance with State Board for Elementary and Secondary Education ***administrative*** regulations.

(4) The square miles of area served by transportation shall be determined by subtracting from the total area in square miles of the district the area not served by transportation[~~, determined~~] in accordance with [~~the Kentucky~~] administrative regulations of the State Board for Elementary and Secondary Education. ***However,*** [~~provided that~~] if one district authorizes another district to provide transportation ***services*** for a part of its area, ***this*** [~~such~~] area [~~served~~] shall be deducted from the area served by ***the authorizing*** [~~that~~] district and added to the area served by the district ***actually*** providing the transportation.

(5) The density of transported pupils per square mile of area served for each district shall be determined by dividing the average daily attendance of transported pupils by the number of square miles of area served by transportation.

(6) The ***chief state school officer*** [~~superintendent of public instruction~~] shall determine the average cost per pupil per day of transporting pupils in districts having a similar density by constructing a smoothed graph of cost for ***the*** [~~all~~] density groups ***required by*** [~~as provided in~~] subsection (1). This graph shall be used to construct a scale showing the average costs of transportation for districts having a similar density of transported pupils. [~~Such~~] Costs shall be determined separately for county school districts and independent school districts.[~~, provided that~~] No independent school district will receive an average cost per pupil per day in excess of the minimum received by any county district or districts. These costs shall be the costs per pupil per day of transported pupils included in the ***public school fund*** [~~foundation program~~] and ***these*** [~~such~~] costs shall be recalculated each biennium.

(7) The scale of transportation costs included in the ***fund to support education excellence in Kentucky*** [~~foundation program~~] for county and independent districts is determined in accordance with the provisions of KRS 157.310 to 157.440 for the biennium beginning July 1, ***1990*** [~~1960~~].

(8) The cost of transporting a district's pupils from the parent school to a state vocational-technical school or to a vocational educational center shall be calculated separately from the calculation required by subsections (1) through (7) of this section. The amount calculated shall be paid separately to each district from [~~minimum foundation~~] program funds budgeted for vocational pupil transportation, as a reimbursement based on the district's cost for providing this service. The amount of reimbursement shall be calculated in accordance with State Board for Elementary and Secondary Education ***administrative*** regulations. In the event that the appropriation for vocational pupil transportation in the biennial budget is insufficient to meet the total calculated cost of this service for all districts, the amount paid to each district shall be ratably reduced. For the purpose of this subsection, the parent school shall be interpreted to mean that school in which the pupil is officially enrolled in a district's public common school system.

(9) The State Board for Elementary and Secondary Education[~~, by Kentucky administrative regulation,~~] shall determine the type of handicapped pupil that qualifies for special type transportation to and from school. Those qualified pupils for which the district provides special type transportation shall have their aggregate days attendance multiplied by five (5.0) and added to that part of the district's aggregate days attendance that is multiplied by the district's adjusted cost per pupil per day in determining the district's pupil transportation program cost for allotment purposes.

Public school [~~foundation program~~] funds made available to the credit of each district during any year[~~,~~] shall be received, held and expended by the district board, subject to the provisions of law and [~~Kentucky~~] administrative regulations of the State Board for Elementary and Secondary Education. The following restrictions shall govern the expenditure of funds from the public school [~~foundation program~~] fund:

The average salary paid any rank of teachers shall be at least equivalent to the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days and no teacher shall be paid less than ninety-three percent (93%) of the public school [~~foundation program~~] fund allotment for that rank for full-time service during the regular school year or the allotment under KRS 157.390***(3)***[~~(4)~~] shall be reduced by an amount equal to the amount by which the district failed to meet the salary requirements.

(2) The State Board for Elementary and Secondary Education shall not approve any working budget or salary schedule summary for local boards of education for any school year in which the total amount for one hundred eighty-five (185) days on the salary schedule summary for [~~foundation program instructional~~] salaries ***paid from the base funding*** is not equal to:

(e) As a reserve fund for the above-named purposes, to be carried forward in ensuing budgets.

(4) If any district has a special levy for capital outlay or debt service that is equal to the capital outlay allotment or a proportionate fraction thereof, and spends the proceeds of that levy for the above-named purposes, the ***chief state school officer*** [~~superintendent of public instruction~~] under [~~Kentucky~~] administrative regulations of the State Board for Elementary and Secondary Education, may authorize the district to use all or a proportionate fraction of its capital outlay allotment for current expenses. However, a district which uses capital outlay funds for current expenses shall not be eligible to participate in the School Facilities Construction Commission funds.

(5) If a survey shows that a school district has no capital outlay needs as shown in paragraphs (a), (b), (c), and (d) of subsection (3) of this section, upon approval of the ***chief state school officer*** [~~superintendent of public instruction~~], these funds may be used for school plant maintenance, repair, insurance on buildings, replacement of equipment, purchase of school buses and the purchase of modern technological equipment, including telecommunications hardware, televisions, computers and other technological hardware to be utilized for educational purposes only.

Section 111. KRS 157.440 is amended to read as follows:

The levy for the 1992-93 school year shall be made no later than October 1, 1991, and by October 1 of each odd numbered year thereafter. Effective with the 1992-93 school year, revenue generated by this levy shall be equalized at one hundred fifty percent (150%) of the statewide average per pupil equalized assessment.***

***(b) The rate levied by a district board of education under the provisions of this subsection shall not be subject to the public hearing provisions of KRS 160.470(10) or to the recall provisions of KRS 160.470(11).***

***(c) During the phase-in period, a school district which is at or above the equivalent tax rates permitted under the provisions of this Act shall not be required to levy an equivalent tax rate which is lower than the rate levied during the 1989-90 school year.***

***(2)*** A district may exceed the maximum provided by subsection (2) of KRS 160.470 provided that, upon request of the board of education of the district, the county board of elections shall submit to the qualified voters of the district, in the manner of submitting and voting as prescribed in paragraph (b) of subsection (1) of KRS 160.477, the question whether a rate which would produce revenues in excess of the maximum provided by subsection (2) of KRS 160.470 shall be levied. ***The rate that may be levied under this section may produce revenue up to no more than fifteen percent (15%) of the revenue guaranteed by the program to support education excellence in Kentucky plus the revenue produced by the tax authorized by KRS 157.440. Revenue produced by this levy shall not be equalized with state funds.*** If a majority of those voting on the question favor the increased rate, the tax levying authority shall, when the next tax rate for the district is fixed, levy a rate not to exceed the rate authorized by the voters.

***(3)***[~~(2)~~] For the 1966 tax year and for all subsequent years for levies which were approved prior to December 8, 1965, no district board of education shall levy a tax at a rate under the provisions of this section which exceeds the compensating tax rate as defined in KRS 132.010, except as provided in subsection ***(4)***[~~(3)~~] of this section and except that a rate which has been approved by the voters under this section but which was not levied by the district board of education in 1965 may be levied after it has been reduced to the compensating tax rate as defined in KRS 132.010, and except that in any school district where the rate levied in 1965 was less than the maximum rate which had been approved by the voters, the compensating tax rate shall be computed and may be levied as though the maximum approved rate had been levied in 1965 and the amount of revenue which would have been produced from such maximum levy had been derived therefrom.

***(4)***[~~(3)~~] Notwithstanding the limitations contained in subsection ***(3)***[~~(2)~~] of this section no tax rate shall be set lower than that necessary to provide such funds as are required to meet principal and interest payments on outstanding bonded indebtedness and payments of rentals in connection with any outstanding school revenue bonds issued under the provisions of KRS chapter 162.

Each system's financial statements shall be prepared and presented on a basis consistent with that of the other systems.

### SECTION 113. KRS 160.473 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) In the event that a general tax rate, voted general tax rate, or voted building tax rate applicable to real property levied by a district board of education will produce a percentage increase in revenue from personal property less than the percentage increase in revenue from real property, the district board of education may levy a general tax rate, voted general tax rate, or voted building tax rate applicable to personal property which will produce the same percentage increase in revenue from personal property as the percentage increase in revenue from real property; however, in no event shall the general tax rate, voted general tax rate, or voted building tax rate levied by the district board of education applicable to personal property exceed the prior year general tax rate, voted general tax rate, or voted building tax rate applicable to personal property levied by the respective district board of education.

(2) The general tax rate, voted general tax rate, or voted building tax rate applicable to personal property levied by a district board of education under the provisions of subsection (1) of this section shall not be subject to the public hearing provisions of KRS 160.470(10) and to the recall provisions of KRS 160.470(11).

### SECTION 114. KRS 160.474 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) In the event that the general tax rate, voted general tax rate, or voted building tax rate levied by a district board of education for 1979-80, 1980-81 or 1981-82 produced a percentage increase in revenue from personal property less than the percentage increase in revenue from real property for the respective year, the district board of education may levy a general tax rate, voted general tax rate, or voted building tax rate applicable to personal property for 1982-83 only, which will produce the same cumulative percentage increase in revenue from personal property as was produced from real property in 1979-80, 1980-81, and 1981-82. Such a general tax rate, voted general tax rate, or voted building tax rate may be in addition to the general tax rate, voted general tax rate, or voted building tax rate levied under the provisions of KRS 160.473.

(2) The general tax rate, voted general tax rate, or voted building tax rate levied under the provisions of KRS 160.473 and subsection (1) of this section shall not exceed the general tax rate, voted general tax rate, or voted building tax rate applicable to personal property levied by the respective district board of education in 1981-82.

(3) The general tax rate, voted general tax rate, or voted building tax rate applicable to personal property levied by a district board of education shall not be subject to the public hearing provisions of KRS 160.470(10) and to the recall provisions of KRS 160.470(11).

(2) All existing subdistrict school tax levies, except those required to retire voted bonds, are hereby abolished.

### Section 116. KRS 160.476 is amended to read as follows:

(1) The board of education of any district may, in addition to other taxes for school purposes, levy not less than four cents (4) nor more than twenty cents (20) on each one hundred dollars ($100) valuation of property subject to local taxation, to provide a special fund for the purchase of sites for school buildings

and physical education and athletic facilities, for the erection and complete equipping of school buildings and physical education and athletic facilities, and for the major alteration, enlargement and complete equipping of existing buildings and physical education and athletic facilities, provided, however, that such tax shall come within the maximum school tax levy provided by KRS 160.470. In addition to or in lieu of this special tax, any board of education may pay into this special fund at the close of any fiscal year the proceeds from the sale of land or property no longer needed for school purposes and all or any balances remaining in the general fund over and above the amount necessary for discharging obligations for the fiscal year in full.

(2) The special fund provided for herein shall be kept in a separate account designated as "school building fund." The fund shall be kept in a depository selected by the board of education, or invested in bonds of the United States, of this state, or county or municipality in this state, provided, however, that such investments shall be approved by the State Board for Elementary and Secondary Education.

(3) All expenditures from such fund shall be made solely for the purposes enumerated herein and shall be made in accordance with the school laws of the state at such times as the board of education determines. The board of education shall cause to be made annually an audit of the building fund by a certified public accountant or by an accountant approved by the state Department of Education.

(4) Notwithstanding the provisions of any other subsection of this section to the contrary, for the 1966 tax year and for all subsequent years no district board of education shall levy a tax at a rate under the provisions of this section which exceeds the compensating tax rate as defined in KRS 132.010. The ***chief state school officer*** [~~superintendent of public instruction~~] shall certify the compensating tax rate to the district board of education.

SECTION 117. KRS 160.477 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) (a) Upon request of the board of education of any school district, the county board of elections shall submit to the qualified voters of the district, the question as to whether a special school building tax rate of not less than five cents (5) nor more than fifty cents (50) as requested by the board shall be levied on each one hundred dollars ($100) of property subject to local taxation. This tax levy shall be in addition to the maximum school tax levy provided by subsection (2) of KRS 160.470. The income from the tax shall be used for the purchase or lease of school sites and buildings and physical education and athletic facilities, for the erection and complete equipping of new school buildings and physical education and athletic facilities, for the major alteration, enlargement and complete equipping of existing buildings, and physical education and athletic facilities, for the purpose of retiring, directly or through rental payments, school revenue bonds issued for such school improvements, for the purpose of providing maintenance and insurance for school facilities, and for the purpose of financing any program for the acquisition, improvement, or building of school improvements. The question shall be so framed that the voter may by his vote answer "for" or "against;"

(b) The election shall be held not less than fifteen (15) or more than thirty (30) days from the time the request of the board is filed with the county board of elections, and reasonable notice of the election shall be given. The election shall be conducted and carried out in the school district in all respects as required by the general election laws, and shall be held by the same officers as required by the general election laws. The expense of the election shall be borne by the school district; and

(c) If a majority of those voting on the question favor the special school building tax levy, the tax-levying authority shall, when the next tax rate for the district is fixed, levy the special rate specified for the school building fund in addition to the levy provided by subsection (2) of KRS 160.470.

(2) There may be included, in the maximum levy provided for in subsection (2) of KRS 160.470, a special levy for building fund purposes as authorized by KRS 160.476, which shall be in addition to the levy authorized by vote as provided in subsection (1) of this section.

(3) In addition to or in lieu of this special tax, any board of education may pay into this special fund at the close of any fiscal year the proceeds from the sale of land or property no longer needed for school purposes and allow any balances to remain in the general fund over and above the amount necessary for discharging obligations for the fiscal year in full.

(4) The special fund provided for in subsection (1) of this section shall be kept in a separate account designated as "special voted school building fund." The fund shall be kept in the depository selected by the district board of education, or invested in bonds of the United States, of this state, or of any county or municipality in this state, provided, however, that such investment shall be approved by the State Board for Elementary and Secondary Education.

(5) All expenditures from such fund shall be made solely for the purposes enumerated in this section and shall be made in accordance with the school laws of the state at such times as the district board of education determines. The district board of education shall cause to be made annually an audit of the building

fund by a certified public accountant or by an accountant approved by the State Board for Elementary and Secondary Education.

(6) Notwithstanding the provisions of any other subsection of this section to the contrary, for the 1966 tax year and for all subsequent years no district board of education shall levy a tax at a rate under the provisions of this section which exceeds the compensating tax rate as defined in KRS 132.010, except as provided in subsection (7) of this section, and except that a rate which has been approved by the voters under this section but which was not levied by the district board of education in 1965 may be levied after it has been reduced to the compensating tax rate as defined in KRS 132.010, and except that in any school district where the rate levied in 1965 was less than the maximum rate which had been approved by the voters, the compensating tax rate shall be computed and may be levied as though the maximum approved rate had been levied in 1965 and the amount of revenue which would have been produced from such maximum levy had been derived therefrom.

(7) Notwithstanding the limitations contained in subsection (6) of this section no tax rate shall be set lower than that necessary to provide such funds as are required to meet principal and interest payments on outstanding bonded indebtedness and payments of rentals in connection with any outstanding school revenue bonds issued under the provisions of KRS Chapters 58 and 162.

(1) Each board of education of a public school district in which is located the property or properties of a publicly owned light, water, or gas plant may each year be paid by the governing board of ***the*** [~~such~~] plant from the proceeds of the sale of electrical energy, water or gas an amount which shall not exceed that determined by multiplying the book value of the property or properties of ***the*** [~~such~~] publicly owned light, water or gas plant as of the beginning of each year by the current tax rate levied for school purposes for the school district in which ***the*** [~~such~~] property or properties may be located. "Book value," as used in this section, means the cost of tangible property plus additions, extensions and betterments, less reasonable depreciation or retirement reserve, and "year" as herein used shall mean the twelve (12) month period ending June 30. The book value so determined shall be in accordance with standard accounting practices. No payment may be made under this section except pursuant to a resolution of the governing board of the plant, adopted by a unanimous vote of the members of the board.

(2) Amounts for any year, as provided in subsection (1) of this section, shall be paid to the board of education on or before January 1 of each year.

(3) This section shall not apply to any publicly owned electric plant that is subject to the provisions of KRS 96.820.

(4) This section shall be construed only as an enabling act and shall in no ***way*** [~~wise~~] confer upon any board of education of a public school district authority to require this money to be paid to it.

Section 125. KRS 96.820 is amended to read as follows:

(1) For the purposes of this section, unless the context requires otherwise:

(a) "Taxing jurisdiction" shall mean each county, each school district, each municipality, and each other special taxing district located within the state.

(b) "State" shall mean the Commonwealth of Kentucky.

(c) "Tax equivalent" shall mean the amount in lieu of taxes computed according to this section which is required to be paid by each board to the state and to each taxing jurisdiction in which the board operates and required by subsection (11) of KRS 96.570 to be included in resale rates.

(d) "Tax year" shall mean the twelve-calendar-month period ending with December 31.

(e) "Current tax rate" shall mean the actual levied ad valorem property tax rate of the state and of each taxing jurisdiction which is applicable to all property of the same class as a board's property subject to taxation for the tax year involved.

(f) "Book value of property" or "book value of property owned by the board" shall mean the sum of:

1. The original cost (less reasonable depreciation or retirement reserve) of a board's electric plant in service on December 31 of the immediately preceding calendar year located within the state, used and held for use in the transmission, distribution, and generation of electric energy, and

2. The cost of the material and supplies owned by a board on December 31 of the immediately preceding calendar year. For the purpose of this definition, "electric plant in service" shall mean those items included in the "electric plant in service" account prescribed by the federal power commission uniform system of accounts for electric utilities, and "material and supplies" shall mean those items included in the accounts grouped under the heading "material and supplies" in the said system of accounts.

(g) "Adjusted book value of property" or "adjusted book value of property owned by the board" shall mean the book value of property owned by the board excluding manufacturing machinery as interpreted by the Revenue Cabinet for franchise tax determination purposes.

(h) The "adjustment factor" shall be one hundred twenty-five percent (125%) for the tax year 1970. For each tax year thereafter, it shall be the duty of the Revenue Cabinet to compute the adjustment factor for that tax year as follows: For each five (5) percentage points or major fraction thereof by which the adjustment ratio for electric utility property for the immediately preceding tax year exceeded or was less than one hundred sixteen percent (116%), five (5) percentage points shall be added to or subtracted from one hundred twenty-five percent (125%). For the purposes of this computation, "adjustment ratio for electric utility property" shall mean the ratio of total assessed value to total property value for all public service corporations distributing electric energy to more than fifty thousand (50,000) retail electric customers within the state. "Total assessed value" shall mean the total actual cash value assigned by the Revenue Cabinet for ad valorem property tax purposes to the property of such corporations located within the state (properly adjusted for property under construction). "Total property value" shall mean the sum of:

1. The depreciated original cost of the total utility plant in service of such corporations within the state, and

2. The book value of material and supplies of such corporations located within the state, both as derived from published reports of the Federal Power Commission, or in the absence thereof, from information provided to the Revenue Cabinet by such corporations.

(i) "Electric operations" shall mean all activities associated with the establishment, development, administration, and operation of any electric system and the supplying of electric energy and associated services to the public, including without limitation the generation, purchase, sale, and resale of electric energy and the purchase, use, and consumption thereof by ultimate consumers.

(2) It shall be the duty of each board, on or before [~~April 29, 1970, and on or before~~] March 31 [~~of each succeeding tax year~~], to certify to the Revenue Cabinet the book value of property owned by the board and the adjusted book value of property owned by the board and located within the state and within each taxing jurisdiction in which the board operates. A copy of ***the*** [~~such~~] certification shall also be sent by the board to each such taxing jurisdiction. ***The*** [~~Said~~] book value of property and adjusted book value of property shall be determined, and the books and records of the board shall be kept in accordance with standard accounting practices, and the books and records of each board shall be subject to inspection by the Revenue Cabinet and by representatives of the affected taxing jurisdictions and to adjustment by the Revenue Cabinet if found not to comply with the provisions of this ***section*** [~~sentence~~]. Upon the receipt of the required certification from a board, the Revenue Cabinet shall make ***any*** [~~such~~] inspection and adjustment, hereinabove authorized, as it deems necessary, and no earlier than September 1 of each year the Revenue Cabinet shall certify to the board and to the county clerk of each county in which the board operates the book value of property owned by the board and the adjusted book value of property owned by the board, located within each taxing jurisdiction in which the board operates and within the state. At the same time, the Revenue Cabinet shall certify to the board and to the [~~said~~] county clerk the adjustment factor for the tax year. The [~~said~~] county clerk shall promptly certify the book value of property, the adjusted book value of property, and the adjustment factor certified by the Revenue Cabinet, to the respective taxing jurisdiction in which the board operates.

(3) (a) Each board shall pay for each tax year, beginning with the tax year 1970, to the state and to each taxing jurisdiction in which the board operates, a tax equivalent from the revenues derived from the board's electric operations for that tax year, computed according to this subsection.

(b) The tax equivalent for each tax year payable to the state shall be the total of:

1. The book value of the property owned by the board within the state, multiplied by the adjustment factor, multiplied by the current tax rate of the state, less thirty cents ($.30), plus

2. The state's portion of the amount payable under paragraph (d) of this subsection.

(c) The tax equivalent for each tax year payable to each taxing jurisdiction in which the board operates shall be the total of:

1. The adjusted book value of property owned by the board within the taxing jurisdiction, multiplied by the adjustment factor, multiplied by the current tax rate of the taxing jurisdiction; provided, however, for the purpose of this calculation the tax rate for school districts shall be increased by thirty cents ($.30), plus

2. The taxing jurisdiction's portion of the amount payable under paragraph (d) of this subsection.

(d) For purposes of this subsection, "amount payable" shall mean four-tenths of one per cent (.4%) of the book value of property owned by the board located within the state. The state shall be paid the same proportion of the amount payable as the payment to the state under subparagraph 1 of paragraph (b) of this subsection represents of the total payments to the state and all taxing jurisdictions in which the board operates required by subparagraph 1 of paragraph (b) and subparagraph 1 of paragraph (c) of this subsection. Each taxing jurisdiction in which the board operates shall be paid the same proportion of the amount payable as the payment to the taxing jurisdiction under subparagraph 1 of paragraph (c) of this subsection represents of the total payments to the state and all taxing jurisdictions in which the board operates required by subparagraph 1 of paragraph (b) and subparagraph 1 of paragraph (c) of this subsection. Under ***the*** [~~such~~] regulations [~~as~~] the Revenue Cabinet may prescribe, upon the board's receipt from the state and taxing jurisdictions of notice of the amount due under subparagraph 1 of paragraph (b) and subparagraph 1 of paragraph (c) of this subsection, the board shall compute the portion of the amount payable which is due the state and each taxing jurisdiction in which the board operates.

(e) Payment of the tax equivalent under this section for each tax year shall be made by each board to the state within thirty (30) days after receipt by the board of the certification from the Revenue Cabinet required by subsection (2) of this section and shall be made directly to each taxing jurisdiction in which the board operates within thirty (30) days from the date of the certifications by the county clerk required by subsection (2) of this section. The state and each taxing jurisdiction in which a board operates shall have a superior lien upon the proceeds of the sale of electric energy by that board for the amounts required by this section to be paid to it.

(4) Except as hereinafter provided the tax equivalents computed under this section shall be in lieu of all state, municipal, county, school district, special taxing district, other taxing district, and other state and local taxes or charges on the tangible and intangible property, the income, franchises, rights, and resources of every kind and description of any municipal electric system operating under KRS 96.550 to 96.900 and on the electric operations of any board established pursuant thereto, and the tax equivalent for any tax year computed and payable under this section to the state or to any taxing jurisdiction in which any board operates shall be reduced by the aggregate amount of any tax or charge within the meaning of this sentence which is imposed by the state, or by any taxing jurisdiction in which a board operates, on the board, the electric system, or the board's electric operations. Provided, however, that if any school district in which property of a board is located has elected, or does hereafter elect, to apply the utility gross receipts license tax for schools to all utility services as provided by KRS 160.613 through KRS 160.617, or as may hereafter be provided by other statutes, the amount of such utility gross receipts license tax shall not reduce, or in any manner affect, the amount payable to any such board or boards under the provisions of this section. It is the intent and purpose of this provision to eliminate all sums received by any such board or boards by reason of the utility gross receipts license tax from any computation of the amount payable under this section to any such board or boards, irrespective of the manner in which ***that*** [~~such~~] payment is computed, so that, in no event, shall any sum received by any school district by reason of the utility gross receipts license tax reduce, directly or indirectly, the amount payable to such district under this chapter. ~~(7) The General Assembly hereby declares its intention that any taxing jurisdiction and any board, whether or not a party to such litigation, may enter into a binding compromise settlement agreement under which the board may pay and the taxing jurisdiction may accept in full discharge of the board's tax equivalent payment obligations for each of the tax years 1968 and 1969 such amount as they may agree upon, not less than the payment made by the board to the taxing jurisdiction for the tax year 1965, and not more than 120 per cent of the largest payment made by the board to the taxing jurisdiction for any one (1) of the tax years 1964, 1965, or 1966. Section 223. KRS 159.250 is amended to read as follows:

The director of pupil personnel of each school district, working under the direction of the superintendent of schools, shall institute and maintain a complete, accurate, permanent and continuous census of all [~~enrolled~~] children between the ages of five (5) and twenty-one (21) enrolled in the public schools in the district. A child's age is between five (5) and twenty-one (21) when the child has reached his fifth birthday and has not passed the twenty-first birthday. The school census shall specify the name, date of birth and sex of each child; the name, nationality and post-office address of each parent, guardian or custodian of the child; the school district in which the child resides; and the school in which the child is enrolled. The school shall be described by number and name. The census shall contain any other data required by the ***chief state school officer*** [~~superintendent of public instruction~~]. Each board of education shall furnish its director of pupil personnel with assistance it deems necessary for the institution and maintenance of the census.

Section 224. KRS 159.270 is amended to read as follows:

No director of pupil personnel or other person shall ***willfully*** [~~wilfully~~] or fraudulently report a larger number of children of school age in any district than the actual number, or otherwise make a false report of the census to the ***chief state school officer*** [~~Superintendent of Public Instruction~~].

Section 225. KRS 160.020 is amended to read as follows:

All school districts embracing cities of the first five (5) classes together with the territory within their limits, including any territory [~~that has been~~] added for school purposes outside of the city limits, and all independent graded common school districts having a school census enumeration of two hundred (200) or more children, constitute independent school districts, except ***those which*** [~~such of them as~~] have merged with a county school district since June 14, 1934. No independent district other than a city of the first five (5) classes shall continue to operate when its school census enumeration of children falls below two hundred (200) pupils unless it appears to the State Board for Elementary and Secondary Education that the district can maintain a more efficient program of school service by operating as an independent district.

Section 226. KRS 160.041 is amended to read as follows:

(1) When a board of education of an independent school district desires to have its district become a part of the county school district, it shall by motion so record its desire in the minutes of the board. The board, or its executive officer, shall convey this request to the county board of education. At its next regular meeting, or at a special meeting held prior thereto, the county board of education shall pass upon this request.

(2) If the county board of education refuses, or the two (2) boards of education cannot agree upon such a proposition of merger of the independent district with the county district, the question of merger shall be submitted to the qualified voters of the two (2) districts at the next regular election.

(a) If a majority of those voting on the question favor merger, the school boards of the two (2) school districts shall jointly develop a plan for adoption of the merger.

(b) If the two (2) school boards cannot agree to the terms of merger within sixty (60) days following the date of the regular election, the ***chief state school officer*** [~~superintendent of public instruction~~] shall develop the terms of the adoption of merger.

(c) Notwithstanding subsection (2)(a) of this section, if the independent school district cannot meet its current operating expenses from projected revenue and if the two (2) school boards cannot agree to the terms of a merger, [~~then~~] the proposition of merger shall be submitted to the State Board for Elementary and Secondary Education and the State Board for Elementary and Secondary Education shall determine whether [~~or not~~] the two (2) districts should be merged and if merged the terms thereto.

(d) Upon completion of the plan for adoption of the merger, whether prepared by the school boards or the superintendent, it shall become effective and the independent district shall become a part of the county school district as set out in the plan.

Section 227. KRS 160.045 is amended to read as follows:

(1) If seventy-five percent (75%) of either the registered voters or property owners in an area adjacent to either a county or independent school district petition the respective school boards for a transfer of said property to the school board district other than that in which it is located or if either board initiates such action, the school boards may effect ***the*** [~~such~~] transfer by agreement, duly spread upon the minutes of their respective boards.

(2) ***If*** [~~In the event that~~] the boards fail to agree within ninety (90) days from the filing of petitions for ***the*** [~~such a~~] transfer, either board may petition the ***chief state school officer*** [~~superintendent of public instruction~~] for approval or disapproval of the transfer of the property involved. In his consideration for giving approval or disapproval, he shall be governed by any policies and rules and regulations of the State Board for Elementary and Secondary Education which may be affected by the transfer of the property and shall give due consideration to the following: the ratio of the wealth of the territory involved in its relation to the total wealth of the district from which the territory will be annexed; the effect of the proposed territorial loss or gain on the educational programs of the respective districts; extent of and effect on the physical plant, facilities and equipment available in each of the affected districts; the indebtedness and bonded or rental obligations of the respective districts; any contemplated indebtedness or obligation arising out of the proposed transfer; and [~~such~~] other factors as may have a bearing upon the determination of the desirability of the proposed annexation from the vantage point of all interested persons.

(3) In those instances where the requested transfer will result in a surplus of physical plant, facilities or equipment in the transferring school district, the ***chief state school officer*** [~~superintendent of public instruction~~] shall determine an equitable plan for the transfer of any [~~such~~] surplus to the annexing district as his plan may determine will be needed. His plan shall be based on the fair value of such property on a replacement basis, taking into consideration its age and condition. In any considerations and suggestions which he may propose for the settlement of the differences between the boards of education, he shall be bound by any agreements outstanding between the boards of education of the school districts on July 15, 1982.

(4) ***If*** [~~In the event~~] the ***chief state school officer*** [~~superintendent of public instruction~~] is unable to arrive at a satisfactory agreement with the two (2) boards of education concerning the transfer of the involved property within one hundred twenty (120) days from the time it is presented to him, either board may request that he bring the matter on for hearing before the State Board for Elementary and Secondary Education at its next regularly scheduled meeting. In that event, he shall file with the State Board for Elementary and Secondary Education all the facts which he has gathered, the recommendation he has made, and the basis for his recommendation, for their consideration. In those instances where, after giving consideration to the factors set forth in subsection (2) ***of this section***, the ***chief state school officer*** [~~superintendent of public instruction~~] determines that a transfer of only a portion of the territory in question is in the best interest of the respective districts, he may recommend to the State Board for Elementary and Secondary Education a modified plan of transfer of territory.

(5) Within at least ten (10) days before the holding of any hearing provided for in subsection (4) of this section, the ***chief state school officer*** [~~superintendent of public instruction~~] shall serve written notice thereof by certified mail, return receipt requested, on the respective boards fixing the time and place at which the hearing shall be conducted. All hearings provided for herein shall be open to the public, and any interested person may appear and be heard in accordance with ***the*** [~~such~~] rules and regulations as the State Board for Elementary and Secondary Education may prescribe with reference thereto.

Section 228. KRS 160.048 is amended to read as follows:

(1) The General Assembly hereby finds that from time to time various school boards, in the exercise of their administrative discretion, have determined that their school districts would be most efficiently administered if one (1) or more of the district's schools were constructed and operated on land located outside the school districts' boundaries. The General Assembly further finds that this has been desirable and in furtherance of an efficient system of common schools. As urbanization increases, and school districts throughout the Commonwealth become more densely populated, available school sites within such districts will proportionately diminish, and it will with increasing frequency be necessary to construct schools on land not within the district of the school board constructing such schools. When a school is so located, it is more efficient for the school district constructing the school, but it is less efficient for the state-wide system of common schools and for the children residing in the immediate neighborhood of the new school, who reside in a different school district, and therefore must be transported to other, more distant schools. This situation results in an inefficient utilization of state and local school funds and school facilities, and is a result of the artifically drawn school district boundary lines. The General Assembly further finds that the discretionary method of transfer presently provided by KRS 160.045 is not adequate to assure an efficient operation of the common schools, and that it is desirable to provide for mandatory transfer of such areas. Pursuant to section 183 of the Kentucky Constitution, the General Assembly declares that such situations are special situations and require special treatment. It is the intent of the General Assembly to provide by this statute a special method whereby such areas may be transferred to the school district operating the school or schools.

(2) If seventy-five percent (75%) of either the registered voters or property owners in an area adjacent to a school district other than the district in which such area is located and in which area there is located a school owned and operated by such adjacent school district, petition the school board of the school district which owns and operates such school and the school board of the school district in which such area is located

for the transfer of such area from the school district in which it is located to the school district which owns and operates such school, then such area shall be so transferred.

(3) The effective date of such transfer shall be sixty (60) days after the date on which the petition is filed with the two (2) school boards; personal delivery of said petition to any member of the school board or to the superintendent of the school district shall constitute "filing" for purposes of this section. Provided, that if such effective date falls during a term of the school district in which such area is located, the two (2) school boards involved may, by agreement, defer the effective date of such transfer until the end of said term.

(4) The terms and conditions of such transfer shall be determined in the manner provided for the determination of the terms and conditions of transfer under KRS 160.045, except that the ***chief state school officer*** [~~state superintendent of public instruction~~], the State Board for Elementary and Secondary Education and the respective reviewing courts shall have no power to disapprove such transfer.

(5) Upon such transfer, the recipient district shall assume a portion of the bonded indebtedness of the losing district, as provided in KRS 160.065; such bonds shall remain the obligation of the issuing agency, and shall not be affected in any way by such transfer, except that each year the recipient district shall pay to the losing district a sum of money sufficient to make the payments on the portion of such indebtedness assumed by the recipient district, and such annual payments shall continue until all of the bonded indebtedness outstanding at the time of the transfer is paid in full.

(6) The method of transfer provided in this section shall be an alternative method to that set forth in KRS 160.045, and this section shall have no effect whatsoever on KRS 160.045.

Section 229. KRS 160.200 is amended to read as follows:

(1) All elections for members of boards of education shall be in even numbered years, for a term of four (4) years, except as provided in KRS 160.210(5). Except as provided in subsection (3) of this section, the elections shall be held at the regular November election. [~~In all county districts and in those independent districts embracing cities of the second or third class, two (2) members shall be elected in 1942 and three (3) in 1944. In all other school districts three (3) members shall be elected in 1942 and two (2) in 1944.~~]

(2) In each even numbered year [~~thereafter~~], there shall be held an election in every county and independent district to fill the membership of the boards of education for the terms that will expire on the first Monday in January following, and the regularly elected members shall hold office for four (4) years and until their successors are elected and have qualified.

(3) Any independent school district embracing a city of the fifth class may, at the discretion of its board of education, hold its election of board members at its public school building on the first Saturday in May. The election shall be held by three (3) officers appointed by the board of education and the expenses of the election shall be paid from the treasury of the school district. In all other respects the provisions of this chapter relating to holding elections for board members shall apply.

(4) In counties containing a city of the first class, wherein a merger pursuant to KRS 160.041 shall have been accomplished, the terms of the members shall be as provided in KRS 160.210(5). Elected members of such boards, excepting those boards of education representing ten percent (10%) or less of the student population of the county serving at the effective date of such a merger shall continue to serve until their term expires, but no appointments shall be made to fill vacancies. The terms of office of members of boards of education representing ten percent (10%) or less of the student population of the county shall expire on the effective date of the merger.

Section 230. KRS 160.291 is amended to read as follows:

(1) All school employees working on a continuing, regular basis, shall be paid regularly, on dates determined by the employing board of education, during the school year or during the fiscal year for twelve (12) month employees, the provisions of KRS 337.020 notwithstanding. The gross salary received on each pay date will be an amount equal to the school employee's annual salary divided by the number of pay dates.

(2) Salary amounts shall be paid on the prescribed pay dates without deduction for days on which schools were closed; provided, however, any time not worked for which pay is received must be made up prior to the end of that current school year, or pay so received shall be withheld from the final salary payment of that school year.

(3) Gross salary payments under subsection (1) of this section need not, but may, include pay for extra duties or services. Payment for such extra duties or services must be paid pursuant to a payment plan adopted by the board of education prior to the beginning of the school year.

(4) Payments made by the board of education under the authority of this section are deemed to be for services rendered and for the benefit of the common schools; the payments do not affect the eligibility of any school system to participate in the ***public school fund*** [~~foundation program~~] as established in KRS Chapter 157. Nor shall any individual board member or administrator be held liable where additional payments for such service become necessary. Provided, however, that nothing in this section authorizes or requires the payment of salaries to personnel when schools are closed as a result of a strike or other work stoppage or when schools are open and personnel fail to render services. No part of this section shall be law if any part is declared unconstitutional.

(5) Subsection (2) of this section does not apply to those employed on a twelve (12) month basis.

Section 231. KRS 160.293 is amended to read as follows:

Any statute to the contrary notwithstanding, upon the recommendation of the ***chief state school officer*** [~~Superintendent of Public Instruction~~], the State Board for Elementary and Secondary Education may adopt ***administrative*** regulations authorizing a local board of education to enter into an agreement with a public agency for the purpose of developing and maintaining on school property recreational facilities for school and community purposes in accordance with the following standards:

(1) The property must be used in such a manner and at such times so that there will be no interference with school activities.

(2) The control and management of this property shall be in accordance with ***administrative*** regulations adopted hereunder by the State Board for Elementary and Secondary Education.

(3) All agreements must have the prior approval of the ***chief state school officer*** [~~Superintendent of Public Instruction~~] and the Attorney General.

(4) Any agreement executed herein shall not be considered an indebtedness within the meaning of Sections 157 and 158 of the state Constitution ***of Kentucky***.

Section 232. KRS 160.340 is amended to read as follows:

(1) Each board of education shall, on the forms prepared by the ***chief state school officer*** [~~superintendent of public instruction~~] and approved by the State Board for Elementary and Secondary Education, prepare and submit to the State Board for Elementary and Secondary Education reports on all phases of its school service. Each board may prepare and publish for the information of the public a report on the progress of its schools.

(2) Each board of education shall file in the board's office its policies relating to the following matters:

(a) Transportation of pupils;

(b) Discipline and conduct of pupils;

(c) Limitations or restrictions on use of school facilities;

(d) Conduct of meetings of the board of education, including policies on the calling of executive sessions;

SECTION 283. KRS 56.467 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

The commission shall exercise the powers prescribed by KRS 162.520, 162.540, 162.550, 162.580, 162.590, 162.600 and 162.620 for the purpose of assisting boards of education of any county or independent school district in financing public school building projects and undertakings.

SECTION 284. KRS 56.495 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

The boards of regents of the respective state colleges or universities and the board of trustees of the University of Kentucky may issue, under the provisions of KRS 162.340 to 162.380, consolidated educational building revenue bonds or housing bonds, provided that prior to seeking the final approval required by KRS 56.491, the board of the state college or of the university shall submit to the commission, through the cabinet, a request for approval of the project before any financial commitment of any sort may be made in connection therewith, including employment of architects, engineers, fiscal agents or attorneys. The request shall include a general description of the project and its need, use, location, approximate size and such other information as the cabinet may require. After approval by the commission, the cabinet shall appoint fiscal agents, bond counsel and architects and engineers as may be required to make plans and specifications or financial arrangements for the project.

SECTION 285. KRS 56.513 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) When the State Property and Buildings Commission makes a determination, in accordance with the provisions of this chapter, that one (1) or more building projects or industrial development projects will be financed by the issuance of revenue bonds, then in anticipation of such financing the commission may borrow money to provide interim financing therefor and issue in evidence thereof its revenue bond anticipation notes, bearing interest at a rate or rates not exceeding the maximum rate permitted for the issuance of such bonds. Such interim financing may be entered into for the commission's own projects, for those of the University of Kentucky and the state colleges or universities or for any other agency of the Commonwealth where approval by the commission is required regarding the issuance of revenue bonds of such an agency. In instances where the revenue bonds involved are to be issued by other agencies, such agencies, with the prior approval of the commission, may borrow money in the same manner and for the same purpose and issue in evidence thereof their own revenue bond anticipation notes, according to rules and regulations promulgated by the commission.

(2) The commission shall solicit proposals for such interim financing from at least three (3) responsible lenders, and shall select in its discretion the best of such proposals consistent with sound financial practices. A selection may be made even though less than three (3) proposals are received. The term of any such revenue bond anticipation note shall not exceed five (5) years; and the same may be renewed, if necessary.

(3) Each revenue bond anticipation note may include prepayment provisions which will allow the commission or other borrowing agency to prepay the loan after giving reasonable notice to the lender; shall identify the revenue bond issue from the proceeds of which the note or notes and any interest thereon are to be paid; and shall include a statement that the note is being issued in anticipation of the identified revenue bond issue, and that neither the note, nor the interest thereon, shall constitute or evidence an indebtedness of the Commonwealth of Kentucky. Each such note and the interest thereon (to any extent not previously paid from other sources) shall be paid from the proceeds of the identified revenue bond issue, when such proceeds have been received and are available.

(4) Instead of borrowing money and issuing revenue bond anticipation notes in the full amount necessary for construction contract purposes, the commission (or such agencies with the prior approval of the commission and according to its rules and regulations), may enter into loan agreements with one or more lenders (determined by the commission to be responsible) according to the terms of which it may be agreed:

(a) That the lender will continuously make available to the borrowing agency a stated maximum amount of money for a stated period of time;

(b) That the borrowing agency may demand and obtain cash advances against such commitment from time to time upon reasonable and agreed notice, and upon issuing in evidence of each advance a bond anticipation note which will bear an agreed rate of interest, not exceeding the maximum rate permitted for the issuance of the proposed bonds; and

(c) That in consideration of the making of such loan agreement the borrowing agency will pay to the lender or lenders a commitment fee determined by the commission to be reasonable according to financial conditions existing at the time the loan agreement is made.

Such loan agreements may be recorded as receivables upon the books of account of the commission, the secretary of the Finance and Administration Cabinet, or other borrowing agency, and construction contracts may be awarded against the same to the amount of money which the lender contractually agrees to make available to the borrowing agency, the same as in the case of loan agreements made with departments or agencies of the United States government.

(5) Each revenue bond anticipation note issued according to this section, and the receipt of interest thereon, shall be exempt from all taxation by the Commonwealth and all of its subdivisions, municipalities and taxing authorities; and this may be stated as a representation in the text of each such revenue bond anticipation note.

(6) The state Property and Building Commission and other state agencies authorized to issue revenue bond anticipation notes under the terms of this section may as an alternative and if authorized to do so by the governing body of such commission or agency, adopt the procedures for interim financing established for counties, cities, and other municipal corporations, or their agencies, by KRS 58.150.

SECTION 286. KRS 56.520 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) The commission may issue and sell revenue or other authorized bonds, in carrying out the provisions of this chapter, in denominations and amounts, as is deemed to be for the best interest of the Commonwealth, for any of the following purposes:

(a) To acquire real estate for state governmental use;

(b) To pay all or any part of the expense or cost of or incidental to a building project for state governmental use;

(c) To defray the cost of plans, specifications, blueprints, architectural fees and other expenses authorized to be incurred for state governmental use.

(2) The payment of bonds issued, together with the interest thereon, may be secured by a pledge and a first lien on all of the receipts and revenue derived, or to be derived, from the rental or operation of the property involved. Neither the payment of any bond, nor the interest thereon issued under the authority of KRS Chapter 56, shall constitute an indebtedness of the Commonwealth of Kentucky, nor shall any bond or interest thereon be payable out of any fund except funds derived from rentals or other revenues derived from the operation of the properties or from revenues as are available for the purpose by law.

(3) All competitive bids for the sale of revenue bonds shall be opened and read publicly by the secretary of the Finance and Administration Cabinet or his representative at a designated place, day and hour, all of which shall be announced in the advertising made relative thereto.

(4) In the event the commission issues and sells bonds for a building project as authorized by KRS Chapter 56, insurance, including fire and windstorm, casualty, catastrophe, use and occupancy and such other insurance as the commission may deem advisable, shall be carried in connection with the building project, and it may so obligate and bind itself in a trust indenture securing the payment of the bonds. Any insurance shall be paid for out of funds available for the project.

(5) As provided in KRS 42.500(10), the commission may invest proceeds from the sale of its revenue or other authorized bonds as follows:

(a) Obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States;

(b) Obligations of the Federal Financing Bank, the Federal Farm Credit Bank, the Bank for Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Banks, the Federal Home Loan Bortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, the Farmer's Home Administration, the United States Postal Services;

(c) Obligations for the Commonwealth of Kentucky;

(d) Bonds and notes of any state or local government or public authority;

(e) Savings certificates issued by any federal savings and loan association if any principal amount of the certificate in excess of the amount insured by the federal government or any agency thereof, is fully collateralized;

(f) Prime quality commercial paper bearing the highest rating of at least one (1) nationally recognized rating service and not bearing a rating below the highest by any nationally recognized rating service which rates the particular obligation;

(g) Bills of exchange or time drafts drawn on and accepted by a commercial bank and eligible for use as collateral by member banks in borrowing from a federal reserve bank, if the accepting bank or its holding company is either incorporated in the Commonwealth of Kentucky or has outstanding publicly held obligations bearing the highest rating of at least one (1) nationally recognized rating service and not bearing a rating below the highest by any nationally recognized rating service which rates the particular obligations;

(h) Participating share in a mutual fund for local government investment;

(i) A commingled investment pool established and administered under KRS 66.480;

(j) Evidences of ownership of or fractional undivided interests in future interest and principal payments on either direct obligations of the United States government or obligations the principal of and the interest on which are guaranteed by the United States, which obligations are held by a bank or trust company organized and existing under the laws of the United States or any state in the capacity of custodian;

(k) Repurchase agreements with respect to either direct obligations of the United States or obligations the principal of and the interest on which are guaranteed by the United States or entered into with a broker or dealer, as defined by the Securities Exchange Act of 1934, which is a dealer recognized as a primary dealer by a federal reserve bank, or any commercial bank, trust company or national banking association, the deposits of which are insured by the Federal Deposit Insurance Corporation or any successor thereof if:

1. Such obligations that are subject to the repurchase agreement are delivered in physical or in book entry form to the local government or public authority, or any financial institution serving either as trustee for the local government or public authority or as fiscal agent for the local government or public authority or are supported by a safekeeping receipt issued by a depository satisfactory to the local government or public authority. The repurchase agreement shall provide that the value of the underlying obligations shall be maintained at a current market value, calculated at least daily, of not less than one hundred percent (100%) of the repurchase price. The financial institution serving either as trustee or as fiscal agent for the local government or public authority holding the obligations subject to the repurchase agreement or the depository issuing the safekeeping receipt shall not be the provider of the repurchase agreement;

2. A valid and perfected first security interest in the obligations which are the subject of the repurchase agreement has been granted to the local government or public authority or its assignee or book entry procedure, conforming to the extent practicable with federal regulations and satisfactory to the local government or public authority, have been established for the benefit of the local government or public authority or its assignee;

3. The securities are free and clear of any adverse third party claims; and

4. The repurchase agreement is in a form satisfactory to the local government or public authority; and

(l) Guaranteed investment contracts with a bank or insurance company, if the bank or insurance company bears one (1) of the two (2) highest ratings of at least one (1) nationally recognized rating service and does not bear a rating below one (1) of the two (2) highest ratings by any nationally recognized rating service.

SECTION 287. KRS 56.550 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Nothing in KRS 56.440 to 56.540 shall be construed to apply to the construction of roads or bridges or the acquisition of rights of way or real estate in connection therewith now under the jurisdiction of the Department of Highways or the Turnpike Authority of Kentucky, or for any other expenditure made from the state road fund or by said turnpike authority.

(2) Except as provided by KRS 56.467, 162.520 to 162.620, nothing in KRS 56.440 to 56.540 shall be construed to apply to school districts, or to affect the rights, powers and duties of the governing authorities of such districts; provided, however, that the acquisition of sites, and the acquisition, purchase, construction, leasing and operation of television or related facilities as an aid to education or as an aid to any other proper

public function, shall be deemed to be matters of statewide jurisdiction and interest, and any or all of such activities on the part of the commission shall not be deemed to constitute encroachment upon the authority of any school district.

SECTION 288. KRS 58.150 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) When the governing body of any county, city, or other municipal corporation, or agency thereof, shall make a determination that, in accordance with the provisions of any section of the statutes authorizing it to issue revenue bonds, assessment bonds, or mortgage bonds to finance any project, it will finance such a project by the issuance of such bonds, then in anticipation of such financing such governing body may provide for the interim financing of such project by the sale and issuance of revenue bond, assessment bond, or mortgage bond anticipation notes, as the case may be, bearing interest at a rate or rates not exceeding the maximum rate permitted for the issuance of the bonds so anticipated, and payable within a specified period of time only from the proceeds of such bonds, when issued, or from such revenues or income of the project as may be available prior to or at maturity of the notes; provided that the initial term of such notes shall not be in excess of five (5) years from the date thereof. The terms "revenue bond," "assessment bond," and "mortgage bond" are used herein as defined in subsection (1) of KRS 58.170, except that a school district shall not be excluded from said definition if it is authorized by the State Board for Elementary and Secondary Education, by general or special authorization, to proceed under the authority of this section or KRS 56.513 through the agency of the appropriate city or county.

(2) The notes authorized herein shall be sold in the same manner as the bonds in anticipation of which they are issued, except that when the principal amount of such notes does not exceed one million dollars ($1,000,000) the provisions of KRS 424.360 for advertisement of such notes in a publication having general circulation among bond buyers shall be inapplicable, and the other publications required by said section shall be deemed sufficient.

(3) Each bond anticipation note may include prepayment provisions which will allow the issuing authority to prepay the note after giving reasonable notice to the holder thereof; shall identify the bond issue from the proceeds of which the note or notes and any interest thereon are to be paid; and shall include a statement that the note is being issued in anticipation of the identified bond issue, and that neither the note, nor the interest thereon, shall constitute or evidence an indebtedness of the issuing authority. Each such note and the interest thereon, to the extent not previously paid from other sources, shall be paid from the proceeds of the identified bond issue, when such proceeds have been received and are available; provided, however, that payment from the revenues of the project, for the financing of which the said bonds will eventually be issued, shall be permitted, and provision shall be made for payment of that portion of the principal of any note issue which represents the principal of the proposed bonds scheduled to mature on or prior to the maturity of said notes.

(4) The notes authorized herein may be issued in a principal amount sufficient to include all interest due on said notes at or prior to maturity, if such notes shall be issued for a term of three (3) years or less, and said notes may be sold at a discount representing the interest due to the purchaser thereof during said term.

(5) When, prior to the maturity of any notes issued under the authority of this section or KRS 56.513, the governing body of the issuing authority shall make a determination that by reason of construction delays, changes in plans, uncertainties in the bond market, or other causes justifying delay in the final offering of the bond issue, said bond issue should not immediately be offered, renewal notes may be issued subject to the same limitations contained in this section or KRS 56.513 relative to the original issue of notes, and the proceeds of the sale of said renewal notes shall be applied to the payment of the principal of the notes originally issued, or any prior issue of renewal notes, or to the payment of interest due or to become due on the notes or renewal notes; provided, however, that the interest (including discount, if any) payable from the proceeds of notes or renewal notes shall not exceed an amount equal to three (3) years interest from the date of the original notes at the rate per annum established for the original notes.

(6) Counties, cities, and other municipal corporations, or agencies thereof, in the discretion of the governing body in each case, may, as an alternative to this section and for interim financing purposes, solicit proposals, issue bond anticipation notes, and make commitment agreements in the same manner as provided for the State Property and Buildings Commission by KRS 56.513; provided, however, that in the case of notes issued on behalf of a school district, general or special approval of the State Board for Elementary and Secondary Education shall be required in substitution for the approval of the State Property and Buildings Commission; and provided further, that the approval of the State Property and Buildings Commission will not be required for any issue of a county, city or other municipal corporation, or any agency thereof, and references to the commission shall be interpreted to be references to the governing body of the issuing authority.

(7) Nothing herein shall be deemed to invalidate any bond anticipation notes sold or issued under general statutes prior to the adoption of this section and KRS 56.513.

(8) Each bond anticipation note issued according to this section or KRS 56.513, and the receipt of interest thereon, shall be exempt from all taxation by the Commonwealth and all of its subdivisions, municipalities and taxing authorities; and this may be stated as a representation in the text of each such bond anticipation note.

SECTION 289. KRS 58.410 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) As used in KRS 58.410 to 58.440, unless the context otherwise requires:

(a) "Public body" means the Commonwealth, its political subdivisions, its municipalities, its school and other taxing districts, its nontaxing public bodies and institutions, and any and all agencies and instrumentalities thereof, whether such agencies or instrumentalities be now existing or hereafter created and established under and pursuant to specific statutory authority, or whether such agencies or instrumentalities be now existing or hereafter organized, established and caused to exist as nonprofit corporations under applicable general laws, having performance as such agencies or instrumentalities as their sole corporate purposes;

(b) "Public obligation" means bonds, notes, warrants or other obligations of any public body;

(c) "Rate of interest" means both the coupon or stated interest rate applicable to any public obligation, and the effective interest rate or interest cost percentage, computed upon the basis of the coupon or stated interest rate or rates and the price actually to be received by the issuing public body; provided, however, KRS 58.410 to 58.440 is not intended, and shall not be construed, to amend, alter or repeal any existing law requiring that certain public obligations be sold at not less than the face amount thereof.

(2) KRS 58.410 to 58.440 does not relate to or affect borrowing by any person or corporation except such as are within the definition of "public body" as set forth in this section.

SECTION 290. KRS 58.420 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

It is hereby determined and declared to be the public policy of the Commonwealth that interest rates payable by public bodies upon public obligations be such as to be competitive with those rates which are permitted by other states, in order that necessary public projects may be financed and may be undertaken in the interest of the public health, safety and general welfare.

SECTION 291. KRS 58.430 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

From and after March 9, 1970, notwithstanding any other acts or laws of other import which may presently prevail, wherever the same may be found in the Kentucky Revised Statutes as of such date, it shall be lawful for public bodies to establish, agree and bind themselves to pay interest upon their public obligations at any rate or rates which may be determined upon by the governing bodies of the respective public bodies which are the issuers thereof; but subject, nevertheless, to such approvals as may now or hereafter be applicable thereto according to law.

SECTION 292. KRS 58.440 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

If any public body shall determine:

(1) That financing of a public project may be accomplished to the best advantage in the public interest only by combining the same with refinancing of previously issued and outstanding public obligations at a rate or rates of interest higher than the rate or rates otherwise applicable thereto;

(2) That refinancing of a public project at a higher interest rate or rates is necessary in order to prevent or anticipate default in payment of interest or principal of public obligations with regard thereto; or

(3) That any combination of the circumstances described in subsection (1) or (2) of this section exists;

then such refinancing is recognized to be lawful; provided, however, that prior to any such refinancing at a higher rate or rates of interest, the issuing public body shall make and spread at large upon its public records its determination that such action is necessary or desirable in the public interest, and its reasons therefor.

SECTION 293. KRS 64.590 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

In the case of any political subdivision or local governmental unit or district other than a county or city, having a governing body or authority composed of more than one (1) member, such governing body or authority shall fix the compensation of every officer and employee of the political subdivision, local governmental unit or district whose compensation is payable from the funds of the political subdivision, governmental unit or district, except that in the case of officers elected by popular vote the same limitations and restrictions shall apply as are applicable under KRS 83A.070 to the fixing of compensation of city officers elected by popular vote. Nothing in this section is intended to confer any power on any governing board or authority, with respect to the compensation of its own members, that it does not specifically possess under other statutes. This section applies to school districts, but is not intended to supersede any present provision of law relating to the fixing or payment of the compensation of teachers.

SECTION 294. KRS 66.210 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

No county, city or taxing district shall issue and offer to sell any of its bonds or obligations until the issuance thereof has been approved as provided in KRS 66.310, where applicable to a county, or by a circuit court of competent jurisdiction, declaring the bonds or obligations are based upon and cover a valid indebtedness of the county, city or taxing district within the constitutional limitation governing the creation of the indebtedness. Any bond sold, assigned or transferred without being so approved in advance of its issuance is void, and shall not thereafter, directly or indirectly, be assumed or paid by the county, city or taxing district.

SECTION 295. KRS 66.220 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) The court shall not approve any bond or obligation of a county, city or taxing district unless and until the county, city or taxing district has alleged and proved that the indebtedness which the bond or obligation is intended to evidence was created within the constitutional limitation governing it, and has set forth in appropriate pleading every item of indebtedness created and existing or unpaid and owing by the county, city or taxing district during the period of time in which the indebtedness was created and which the proposed bond or obligation is intended to cover. If it appears in the action that the officials of the county, city or taxing district in office at the time the indebtedness was created did not have due regard for the finances of the county, city or taxing district, during the time in which the indebtedness was created, the court shall not have the power to approve the bond issue. On all disputed issues in the action the burden of proof shall be on the county, city or taxing district.

(2) If any judgment is rendered against a county, city or taxing district and an action is brought under KRS 66.210 to refund any indebtedness evidenced by the judgment, a copy of the judgment and of the pleadings and proof in the action in which it was rendered, shall be made a part of the petition in the action to have the bonds approved, and unless such judgment, pleadings and proof clearly establish that the indebtedness of the county, city or taxing district does not exceed the limit fixed by Section 158 of the Constitution, the court shall not have jurisdiction to approve the bond issue. No such judgment rendered against a county, city or taxing district declaring the amount of its indebtedness shall be received as evidence in any court unless the pleadings and proof upon which it was entered clearly establish that the indebtedness of the county, city or taxing district, as shown by the judgment, does not exceed the limit fixed by Section 158 of the Constitution.

(3) This section and KRS 66.210 are retroactive and apply to proceedings to fund prior floating indebtedness.

SECTION 296. KRS 66.480 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) The governing body of a municipality, county, school district (provided that its general procedure for action is approved by the State Board for Elementary and Secondary Education), or other local governmental unit or political subdivision, may invest and reinvest money subject to its control and jurisdiction in:

(a) Obligations of the United States and of its agencies and instrumentalities. Such investments may be accomplished through repurchase agreements reached with national or state banks chartered in Kentucky;

(b) Bonds or certificates of indebtedness of this state and of its agencies and instrumentalities;

(c) Any savings and loan association insured by an agency of the government of the United States up to the amount so insured; and

(d) Interest-bearing deposits in national or state banks chartered in Kentucky and insured by an agency of the government of the United States up to the amount so insured, and in larger amounts, providing such bank shall pledge as security, obligations as permitted by KRS 41.240(4), having a current quoted market value at least equal to any uninsured deposits. No municipality, county, school district, other unit of local government, political subdivision or county official shall make any investment which would jeopardize the tax-exempt status of any outstanding obligation of such unit of local government.

(2) Sheriffs, county clerks and jailers, who for the purposes of this section shall be known as county officials, may, and at the direction of the fiscal court shall, invest and reinvest money subject to their control and jurisdiction, including tax dollars subject to the provisions of KRS 134.300, 134.320 and 160.510, in the investment instruments permitted by subsection (1) of this section.

(3) The provisions of this section are not intended to impair the power of a county official, municipality,

county, school district, or other local governmental unit or political subdivision to hold funds in deposit accounts with banking institutions as otherwise authorized by law.

(4) The governing body or county official may delegate the investment authority provided by subsection (1) of this section to the treasurer or other financial officer charged with custody of the funds of the local government, and such officer shall thereafter assume full responsibility for all investment transactions until the delegation of authority terminates or is revoked.

(5) All county officials shall report the earnings of any investments at the time of their annual reports and settlements with the fiscal courts for excess income of their offices.

(6) The state local finance officer is authorized and directed to assist county officials and local governments (except school districts) in investing funds that are temporarily in excess of operating needs by:

(a) Explaining investment opportunities to such county officials and local governments through publication and other appropriate means; and

(b) Providing technical assistance in investment of idle funds to county officials and local governments that request such assistance.

(7) (a) The state local finance officer may create an investment pool for local governments (except school districts) and county officials; and counties and county officials and cities may associate to create an investment pool. If counties and county officials and cities create a pool, each group may select a manager to administer their pool and invest the assets. Each county and each county official and each city may invest in a pool created pursuant to this subsection. Investments shall be limited to those investment instruments permitted by subsection (1) of this section. The funds of each local government and county official shall be properly accounted for, and earnings and charges shall be assigned to each participant in a uniform manner according to the amount invested. Charges to any local government or county official shall not exceed one percent (1%) annually on the principal amount invested, and charges on investments of less than a year's duration shall be prorated. Any investment pool created pursuant to this subsection shall be audited each year by an independent certified public accountant, or by the Auditor of Public Accounts. A copy of the audit report shall be provided to each local government or county official participating in the pool. In the case of an audit by an independent certified public accountant, a copy of the audit report shall be provided to the Auditor of Public Accounts, and to the state local finance officer. The Auditor of Public Accounts may review the report of the independent certified public accountant. After preliminary review, should discrepancies be found, the Auditor of Public Accounts may make his own investigative report or audit to verify the findings of the independent certified public accountant's report.

(b) If the state local finance officer creates an investment pool, he shall establish an account in the treasury for the pool. He shall also establish a separate trust and agency account for the purpose of covering management costs, and he shall deposit management charges in this account. The state local finance officer may issue regulations, pursuant to KRS Chapter 13A, governing the operation of the investment pool, including but not limited to provisions on minimum allowable investments and investment periods, and method and timing of investments, withdrawals, payment of earnings and assignment of charges.

(c) Before investing in an investment pool created pursuant to this subsection, a local government or county official shall allow any savings and loan association or bank in the county, as described in subsection (1)(c) and (d) of this section, to bid for the deposits, but the local government or county official shall not be required to seek bids more often than once in each six (6) month period.

(8) (a) With the approval of the State Board for Elementary and Secondary Education, local boards of education, or such of them as may desire to do so, may associate to create an investment pool. Each local school board which associates itself with other local school boards for the purpose of creating the investment pool may invest its funds in the pool so created and so managed. Investments shall be limited to those investment instruments permitted by subsection (1) of this section. The funds of each local school board shall be properly accounted for, and earnings and charges shall be assigned to each participant in a uniform manner according to the amount invested. However, in no event shall

the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference between:

(a) The total valuation of property subject to taxation by the county, city, school district or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided; and

(i) The value of improvements to real property previously under assessment moratorium.

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least ten (10) contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government, where such activities produced an average annual gross income including payments under a state or federal program according to the following scale:

| Acres | Annual Gross Income + | Income Per Acre |
|---|---|---|
| 10 to 30 | $1,000 + | $60.00 per acre, or a fraction thereof, over 10 acres. |

| Over 250 | $5,900 + | $5.00 per acre, or a fraction thereof, over 250 acres. |

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there must be an annual gross income of these amounts within two (2) years of purchase. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(10) "Horticultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least five (5) contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers or ornamental plants, where such activities produced an average annual gross income according to the following scale:

| Acres | Annual Gross Income + | Income Per Acre |
|---|---|---|

Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;

(b) Degree of productivity of the soil;

If during the forty-five (45) days next following the passage of the order, resolution, or motion a petition signed by a number of registered and qualified voters equal to ten percent (10%) of the voters voting in the last presidential election is presented to the county clerk or his authorized deputy, or to the county fiscal court, district board of education, or legislative body of a city or urban-county government or other taxing district, as the case may be, protesting against passage of the ordinance, order, resolution, or motion, the ordinance, order, resolution, or motion shall be suspended from going into effect until after the election referred to in subsection (2) of this section. (b) The county fiscal court, district board of education, or legislative body of a city, urban-county government or other taxing district may cause the cancellation of the election by reconsidering the ordinance, order, resolution, or motion and amending such ordinance, order, resolution, or motion to levy a tax rate which will produce no more revenue from real property, exclusive of revenue from new property as defined in KRS 132.010, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property. Such action by the county fiscal court, district board of education, legislative body of a city, urban-county government or other taxing district shall be valid only if taken within fifteen (15) days following the date of the presentation of the petition.

(2) (a) In the event an election is necessary under the provisions of subsection (1) of this section, the county fiscal court or legislative body of a city, urban-county government or other taxing district shall cause to be submitted to the voters of the county, district, or urban county at the next regular election, the question

(5) No appeal under this section shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the court or the Kentucky Board of Tax Appeals shall certify the valuation to the county clerk and the taxpayer shall be billed for any additional

(1) When the Revenue Cabinet has completed its equalization of the assessment of the property in any county, it shall certify its action to the county judge/executive, with a copy of the certification for the county clerk, to be laid before the fiscal court of the county.

(2) If the fiscal court deems it proper to ask for a review of the aggregate equalization of any class or subclass of property, it shall direct the county attorney to prosecute an appeal of the aggregate increase to the Kentucky Board of Tax Appeals within ten (10) days from the date of the certification.

(3) Within ten (10) days from the date that the cabinet's aggregate equalization of any or all classes or subclasses of property becomes final by failure of the fiscal court to prosecute an appeal or by order of the Kentucky Board of Tax Appeals or the courts, the fiscal court shall cause to be published, at least one (1) time, in the newspaper having the largest circulation within the county, a public notice of the cabinet's action.

(4) Within ten (10) days from the date of the publication of the notice required in subsection (3) of this section, any individual taxpayer whose property assessment is increased above its fair cash value by the equalization action may file with the county clerk an application for exoneration of his property assessment from the increase. The application shall be filed in duplicate and shall include the name and address of the person in whose name the property is assessed; the assessment of the property before the increase; the description and location of the property including the description shown on the tax roll; the property owner's reason for appeal and all other pertinent facts having a bearing upon its value. The county clerk shall forward one (1) copy, of each application for exoneration to the Revenue Cabinet and shall exclude the amount of the equalization increase from the assessment in the preparation of the property tax bill for each property for which an application for exoneration has been filed.

(5) The county judge/executive shall reconvene the board of supervisors immediately following the close of the period for filing applications for exoneration from the increase. The board shall schedule and conduct hearings on all applications in the manner prescribed for hearing appeals by KRS 133.120; however, the board shall not have authority to reduce any assessment to an amount less than that listed for the property at the time of adjournment of the regular board session.

(6) The county clerk shall act as clerk of the reconvened board and shall keep an accurate record of the proceedings in the same manner as provided by KRS 133.125. Within five (5) days of the adjournment of the reconvened board, he shall notify each property owner in writing of the final action of the board with relation to the equalization increase and shall forward a copy of the proceedings certified by the chairman of the board and attested by him to the Revenue Cabinet and to the other taxing districts participating in the tax.

(7) Any taxpayer whose application has been denied, in whole or in part, may appeal to the Kentucky Board of Tax Appeals as provided in KRS 131.340, and appeals thereafter may be taken to the courts as provided in KRS 131.370.

(8) The provisions of KRS 133.120(5) shall apply to the payment of taxes upon any property assessment for which an application for exoneration has been filed.

(9) The provisions of subsections (4), (5), (6), (7), and (8) of this section shall only apply to appeals growing out of equalization action by the Revenue Cabinet under the provisions of KRS 133.150.

He shall show in this report the amount collected for and belonging to each particular fund for which the revenue or money may be intended, and the disposition of such revenue or money collected by him. The reports shall be filed and recorded in separate books furnished by the county judge/executive for that purpose, and they shall be open for inspection in the office of the county clerk.

The settlement shall show the amount of ad valorem tax collected, and an itemized statement of the money disbursed.

(2) The settlement shall be published pursuant to KRS Chapter 424. The report of the settlement shall be subject to objections by the sheriff or by the county attorney, who shall represent the state and county, and the county judge/executive shall determine the objections.

The settlement for excess fees and commissions and other income shall be subject to correction by audit conducted pursuant to KRS 43.070 or 64.810, and the provisions of this subsection shall not be construed to amend KRS 64.820 or 64.830.

SECTION 346. KRS 134.320 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) The sheriff shall, by the tenth day of each month, or more often as may be required by the Revenue Cabinet to prevent the sheriff from having funds in his possession in excess of the amount of his bond, report under oath to the cabinet the amount of all state taxes he has collected during the preceding month, or for such period as the cabinet may require.

(2) The sheriff shall, at the time of making this report, pay to the cabinet, for deposit with the state treasurer, all taxes he has collected for the state for the preceding month or period.

(3) The cabinet may report to the grand jury of Franklin County any sheriff failing to report as required. Any sheriff failing to pay over any taxes collected by him and due the state, as provided by law, shall be required by the cabinet to pay a penalty of one percent (1%) for each thirty (30) day period or fraction thereof plus interest at the legal rate per annum on such taxes. The cabinet in its settlement with the sheriff shall charge him with such penalties and interest.

(4) The Revenue Cabinet may grant an extension of time, not to exceed fifteen (15) days, for filing the report required by subsection (1) whenever, in its judgment, good cause therefor exists. The extension shall be in writing, and the cabinet shall keep a record of such extensions. The extension when granted shall suspend the penalty and interest provided by subsection (3) for the duration of the extension. The penalty and interest shall apply at the expiration of the extension.

SECTION 347. KRS 134.420 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) The state and each county, city or other taxing district shall have a lien on the property assessed for taxes due them respectively for five (5) years following the date when the taxes become delinquent, and also on any real property owned by a delinquent taxpayer at the date when the sheriff offers the tax claims for sale as provided in KRS 134.430 and 134.440. This lien shall not be defeated by gift, devise, sale, alienation or any means whatever except by sale to a bona fide purchaser, but no purchase of property made before final settlement for taxes for a particular assessment date has been made by the sheriff shall preclude the lien covering such taxes. The lien shall include all interest, penalties, fees, commissions, charges and other expenses incurred by reason of delinquency in payment of the tax bill or in the process of collecting it, and

shall have priority over any other obligation or liability for which the property is liable. The lien of any city, county or other taxing district shall be of equal rank with that of the state. When any proceeding is instituted to enforce the lien provided in this subsection, it shall continue in force until the matter is judicially terminated.

(2) The state shall have a lien of equal rank with the lien provided in subsection (1) of this section on all property of a taxpayer who owes any property tax, license tax, inheritance or estate tax, excise tax, income tax, or other tax, when such taxes are not included in or covered by the lien provided in subsection (1) of this section. This lien shall arise at the time any assessment becomes delinquent, and it shall continue until the amount of the original assessment and any subsequent assessments of liability for taxes, fees, penalties, interest or costs are fully paid. The lien shall attach to all interest in property, either real or personal, tangible or intangible, in this state then owned or subsequently acquired by the person against whom the assessment is made. The Revenue Cabinet may file notice of the lien and every city of the third, fourth, fifth and sixth class shall file notice of the delinquent tax liens with the county clerk of any county or counties in which the taxpayer's business or residence is located, or in any county in which the taxpayer has an interest in property and such notice shall be recorded in the same manner as notices of lis pendens are filed, and the file shall be designated miscellaneous state and city delinquent and unpaid tax liens. Such recordation shall constitute notice of both the original assessment and all subsequent assessments of liability against the same taxpayer. Upon request, the Revenue Cabinet shall disclose the specific amount of liability at a given date to any interested party legally entitled to such information. The lien of the Commonwealth of Kentucky for taxes shall be superior to all liens and security interests created under Kentucky law except that nothing in this subsection shall be construed to alter or change in any way the law relative to the rights and duties of a holder in due course as provided in KRS Chapter 355, Art. 3, or affect the rights of any person taking the property or a lien thereon for value without actual or constructive notice. The clerk may charge a fee pursuant to KRS 64.012 for filing the notice of lien or releasing the lien. The fees for filing or releasing the lien shall be paid by the taxing authority filing same and shall become a part of the lien as an added cost of the delinquent taxpayer to be paid by him as a part of the amount necessary to release the lien. The lien shall be released by the taxing authority that filed the notice of lien.

SECTION 349. KRS 136.050 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Except where otherwise specially provided, all corporations required to make reports to the Revenue Cabinet shall pay all taxes due the state from them into the State Treasury at the same time as natural persons are required to pay taxes, and when delinquent shall pay the same rate of interest and penalties as natural persons who are delinquent.

(2) All state taxes assessed against any corporation under the provisions of KRS 136.120 to 136.200 shall be due and payable as provided in KRS 131.110. All county, city, school and other taxes so assessed shall be due and payable thirty (30) days after notice of the amount of the tax is given by the collecting officer. The state, county, city, school and other taxes found to be due on any protested assessment or portion thereof shall begin to bear legal interest on the sixty-first day after the Kentucky Board of Tax Appeals acknowledges receipt of a protest of any assessment or enters an order to certify the unprotested portion of any assessment until paid, except that in no event shall interest begin to accrue prior to January 1 following March 31 of the year in which the report is due. Every corporation so assessed that fails to pay its taxes when due shall be deemed delinquent, a penalty of ten percent (10%) on the amount of the tax shall attach, and thereafter the tax shall bear interest at the rate of ten percent (10%) per annum.

SECTION 350. KRS 136.120 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Every railway company, sleeping car company, chair car company, dining car company, gas company, water company, ferry company, bridge company, street railway company, interurban electric railroad company, express company, electric light company, electric power company, telephone company, telegraph company, commercial air carrier, air freight carrier, pipeline company, common carrier water transportation company, privately owned regulated sewer company, cable television company, and every other like company or business performing any public service, except bus line companies, regular and irregular route common carrier trucking companies, and taxicab companies, shall annually pay a tax on its operating property to the state and to the extent such property is liable to taxation shall pay a local tax thereon to the county, incorporated city, and taxing district in which its operating property is located.

(2) The property of such taxpayers shall be classified as operating property, nonoperating tangible property, and nonoperating intangible property. Nonoperating intangible property within the taxing jurisdiction of the Commonwealth shall be taxable for state purposes only at the same rate as the intangible property of other taxpayers not performing public services, and operating property and nonoperating tangible property shall be subject to state and local taxes at the same rate as the tangible property of other taxpayers not performing public services.

(3) The Revenue Cabinet shall have sole power to value and assess all of the property of every corporation, company, association, partnership, or person performing any public service, including those enumerated above and all others to whom this section may apply, whether or not such operating property, nonoperating tangible property, or nonoperating intangible property has heretofore been assessed by said cabinet, and shall, except as provided in subsection (4) of this section, allocate such assessment as provided by KRS 136.170, and shall certify operating property liable to local taxation and nonoperating tangible property to the counties, cities, and taxing districts as provided in KRS 136.180. All of the property assessed by the cabinet pursuant to this section shall be assessed as of December 31 each year for the following year's taxes, and the lien therefor shall attach as of such assessment date. Provided, however, that in the case of a taxpayer whose business is predominantly nonpublic service and the public service business in which he is engaged is merely incidental to his principal business, the cabinet shall in the exercise of its judgment and discretion determine, from evidence which it may have or obtain, what portion of the operating property is devoted to the public service business subject to assessment by the cabinet under this section and shall require the remainder of the property not so engaged to be assessed by the local taxing authorities.

(4) (a) The Revenue Cabinet shall likewise have sole power to value and assess all the property within the taxing jurisdiction of this Commonwealth of every passenger, sleeping, freight, and private car company, which is hereby defined as any company, other than a railroad company, which owns, uses, furnishes, leases, rents, or operates to, from, through, in or across this state or any part thereof, any kind of railroad car including but not necessarily limited to flat, tank, refrigerator, passenger, or similar type car. The cabinet shall not certify the assessment of the rolling stock of such companies to any county, city, or taxing district, but shall apportion and certify the operating property, other than rolling stock, to the counties, cities, and taxing districts where such property is located. On or before November 1, 1984, and each year thereafter, the Revenue Cabinet shall establish the state tax rate for rolling stock of private car lines based on average tax rate for tangible personal property except motor vehicles, within the Commonwealth subject to state, county, school and applicable city levy. The rolling stock of such companies shall be taxable for state purposes

only and shall not be subject to taxation by a county, city, or other taxing district.

(b) The property of taxpayers within the meaning of paragraph (a) of this subsection shall likewise be classified as operating property, nonoperating tangible property, and nonoperating intangible property. The nonoperating intangible property of the companies within the meaning of this subsection which are within the taxing jurisdiction of the Commonwealth shall be taxable for state purposes at the same rate as the intangible property of nonpublic service taxpayers.

When the valuation has been finally determined, the cabinet shall immediately certify to the county clerk of each county in which any of the operating property or nonoperating tangible property assessment of the corporation is liable to local taxation, the amount thereof liable for county, city, or district tax. The certificate shall be filed by each county clerk in his office, and by him certified to the proper collecting officer of the county, city, or taxing district for collection. Any district which has such value certified by the cabinet shall pay annually to the cabinet a fee which represents an allocation of cabinet operating and overhead expenses incurred in generating said valuations. This fee shall be determined by the cabinet and shall apply to valuations for tax periods beginning on or after December 31, 1981.

SECTION 352. KRS 136.190 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

The superintendent of schools in each district in which any franchise-paying corporation, individual, or group of individuals operates shall, on or before the first day of January, 1958, and each year thereafter, furnish to the county clerk, to each franchise taxpayer within the district, and to the Revenue Cabinet any changes made in the boundary of his school district during the immediate preceding twelve (12) months.

(2) The engineer of cities of the first class and the city clerk of cities of the second, third, fourth, fifth, and sixth classes shall notify the county clerk, each franchise taxpayer within the city, and the Revenue Cabinet of their boundaries in the same manner as required of the superintendent of schools in subsection (1).

(3) The responsible governing official or the chairman of the governing body of any taxing district other than the county, school district, or city shall notify the county clerk, each franchise taxpayer within the district, and the Revenue Cabinet of their boundaries in the same manner as required of the superintendent of schools in subsection (1).

SECTION 353. KRS 136.200 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

The assessment of railroad bridges spanning any river that constitutes a boundary of the state shall be allocated to the counties in which they are located, and the local tax derived therefrom shall be applied to each city, county, or taxing district in which the bridges are located.

SECTION 354. KRS 136.270 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) For calendar year 1984 and each year thereafter an annual tax of ninety-five cents (95) is hereby imposed on each one hundred dollars ($100) of the taxable fair cash value of shares as determined in accordance with subsection (4) of this section. The tax shall be paid to the sheriff of the county annually by the banks and trust companies, for and on behalf of the owners of the shares of stock. The tax shall be for state purposes only, and in lieu of all other taxes upon such shares by the state, or any county, city or other taxing district, except as provided in subsections (2) and (3) of this section.

(2) The county in which the bank or trust company is located may impose a tax on each one hundred dollars ($100) of the taxable fair cash value of shares of such bank or trust company, at a rate not to exceed a rate to be determined by multiplying nineteen cents (19) by a fraction, the numerator of which is the fair cash value of shares of all banks or trust companies within the county and the denominator of which is the taxable fair cash value of shares of all banks or trust companies within the county.

(3) The city in which the bank or trust company is located may impose a tax on each one hundred dollars ($100) of the taxable fair cash value of the shares of such bank or trust company, at a rate not to exceed a rate to be determined by multiplying nineteen cents (19) by a fraction, the numerator of which

is the fair cash value of shares of all banks or trust companies within the city and the denominator of which is the taxable fair cash value of shares of all banks or trust companies within the city.

(4) For calendar year 1984 and each year thereafter, the fair cash value and taxable fair cash value of shares shall be determined in the following manner:

(a) The net worth (capital stock, surplus, undivided profits and reserves for contingencies and other capital reserves) of the bank or trust company as of December 31 of each year shall be determined.

(b) The net income (after federal income taxes and before dividends) of the bank or trust company for the past five (5) years, or so many years in which there was net income (not to exceed five (5)) as are available, preceding the assessment date, shall be averaged and capitalized at a rate determined by the Revenue Cabinet.

(c) On or before September 1 of each year, the Revenue Cabinet shall provide to the banking industry the capitalization rate developed from the previous year's annual reports of banks and trust companies submitted to the cabinet. The rate shall be determined as follows:

1. Determine the ratio of each bank's five (5) year average net income to the previous year's net worth;

2. Rank the resulting ratios; and

3. The medium ratio shall be the capitalization rate.

(d) The results of the computation in paragraphs (a) and (b) of this subsection shall be added and the sum divided by two (2) to determine fair cash value. From fair cash value shall be subtracted the influence of tax exempt United States obligations to determine taxable fair cash value of shares subject to the annual tax. The influence of tax exempt United States obligations is to be determined from the reports of condition and income filed with the applicable supervisory agency as follows: the average amount of tax exempt United States obligations for the calendar year, over the average amount of total assets for the calendar year multiplied by the fair cash value.

(5) In any extraordinary case where application of the formula provided by subsection (4) of this section will result in an inequitable or erroneous assessment, either with respect to the bank or the Commonwealth, the fair cash value and taxable fair cash value of shares shall be determined in accordance with other recognized criteria.

SECTION 355. KRS 136.280 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

The compact for education is hereby entered into law with all jurisdictions legally joining therein, in the form substantially as follows:

Article I. Purpose and Policy

A. It is the purpose of this compact to:

1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.

2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

B. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

C. The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

## Article II. State Defined

As used in this compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

## Article III. The Commission

A. The Education Commission of the States, hereinafter called "the commission," is hereby established. The commission shall consist of seven members representing each party state. One of such members shall be the Governor; two shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the Governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the Governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten (10) non-voting commissioners selected by the steering committee for terms of one (1) year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

B. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to Article IV and adoption of the annual report pursuant to Article III J.

C. The commission shall have a seal.

D. The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

E. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

F. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

G. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph F of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

H. The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

I. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

J. The commission annually shall make to the Governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

### Article IV. Powers

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

2. Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

3. Develop proposals for adequate financing of education as a whole and at each of its many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

5. Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto, available to the appropriate governmental units, agencies and public officials.

6. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

### Article V. Cooperation with Federal Government

A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten (10) representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

B. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

### Article VI. Committees

A. To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two (32) members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth (1/4) of the voting membership of the steering committee shall consist of Governors, one-fourth (1/4) shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two (2) years, except that members elected to the first steering committee of the commission shall be elected as follows: sixteen (16) for one (1) year and sixteen (16) for two (2) years. The chairman, vice chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regular ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two (2) terms as a member of the steering committee; provided that service for a partial term of one (1) year or less shall not be counted toward the two (2) term limitation.

B. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two (2) or more of the party states.

C. The commission may establish such additional committees as its bylaws may provide.

### Article VII. Finance

A. The commission shall advise the Governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

B. The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

C. The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III G of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to Article III G thereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

D. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

E. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

F. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

### Article VIII. Eligible Parties — Entry into and Withdrawal

A. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a Governor, the term "Governor," as used in this compact, shall mean the closest equivalent official of such jurisdiction.

B. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least ten (10) eligible party jurisdictions shall be required.

C. Adoption of the compact may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his state a party only until December 31, 1967. During any period when a state is participating in this compact through gubernatorial action, the Governor shall appoint those persons who, in addition to himself, shall serve as the members of the commission from his state, and shall provide to the commission an equitable share of the financial support of the commission from any source available to him.

D. Except for a withdrawal effective on December 31, 1967 in accordance with paragraph C of this article, any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one (1) year after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

### Article IX. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstances is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. No investment may be made in the obligation of any issuer which has been in default of any of its bonds or interest during a period of the last ten (10) years immediately preceding the purchase.

(5) (a) There shall be no limit on investments in bonds, notes, real estate mortgages, and other obligations of or guaranteed by the United States government, or those for which the credit of the United States government is pledged for the payment of the principal and interest thereof, and any bonds, notes, debentures, or any other obligations or securities issued or generated by any federal government agency, presently or in the future establishment by an Act of Congress, and as amended or supplemented from time to time;

SECTION 499. KRS 161.440 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

At the end of each fiscal year the board of trustees shall assign from the guarantee fund interest at the rate of three percent (3%) to the teachers' savings fund, the state accumulation fund and the allowance reserve fund, and, effective July 1, 1978, interest at a rate of interest not to exceed the average yield on fixed income security investments for the immediate past year to the survivor, death and medical insurance fund. The amounts so allowed shall be due and payable to the funds and shall be annually credited thereto by the board of trustees from interest and other earnings on money of the retirement system.

SECTION 500. KRS 161.450 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

For the purpose of meeting disbursements for allowances and other payments there may be left available cash on deposit in such sums as the board of trustees may direct in one or more banks or trust companies in this state organized under the laws of this state or of the United States. The total amount of cash on hand and unsecured deposits at any time shall not exceed the receipts of the retirement system from all sources during the previous twelve (12) months.

SECTION 501. KRS 161.460 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

No member or employee of the board of trustees shall have any interest in the gain or profits of any investment made by the board, or for himself or as an agent for another use any of the assets of the retirement system in any manner except to make current and necessary payments authorized by the board, or become an indorser, surety or obligor for moneys loaned to or borrowed from the board, or otherwise profit from any transaction of the board.

SECTION 502. KRS 161.470 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) The membership of the retirement system shall consist of all new teachers, all present teachers and all persons participating under the retirement system as of June 30, 1986, except as provided in Acts 1938 (1st Ex. Sess.), ch. 1, paragraph 29. The board of trustees of the Teachers' Retirement System shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership. No person without previous Kentucky service who was age sixty-five (65) or older on July 1, next preceding employment, may become a member of the Teachers' Retirement System.

(2) Service credit shall be forfeited upon withdrawal. If a teacher again enters service it shall be as a new teacher, except that any teacher who withdraws by claiming his deposits may repay the system the amount withdrawn plus interest and re-establish his service credit as provided in subsection (3) of this section.

(3) Effective July 1, 1988, and thereafter, an active contributing member of the retirement system with contributing service equal to one (1) year may regain such service credit by depositing in the teachers' savings fund the amount withdrawn with interest at the rate to be set by the board of trustees, and computed from the first of the month of withdrawal and including the month of redeposit.

(4) Effective July 1, 1974, any active contributing member with at least two (2) years of contributing service credit who declined membership as provided in Acts 1938 (1st Ex. Sess.), ch. 1, paragraph 29, may secure service credit for prior service, and for any subsequent service prior to date of membership, by depositing in the teachers' savings fund contributions for each year of subsequent service prior to date of membership, with interest at the rate of eight percent (8%) compounded annually to the date of deposit.

(5) Membership in the retirement system shall be terminated:

(a) By retirement for service;

(b) By death;

(c) By withdrawal of the member's accumulated contributions; or

(d) When a teacher, having less than five (5) years of Kentucky service is absent from service for more than three (3) consecutive years.

Upon termination of member accounts under this subsection, funds in the account shall be transferred to the guarantee fund. Inactive members may apply for refunds of such funds at any time. Such terminated service shall be reinstated, if not withdrawn by the member, in the event that the teacher returns to active contributing service.

(6) In case of withdrawal from service prior to eligibility for retirement, the board of trustees shall on request of the teacher return all of his accumulated contributions with regular interest, including any payments made by the teacher to the state accumulation fund, but the teacher shall have no claim on any contributions made by the state with a view to his retirement or to contributions made to the survivor, death and medical insurance fund. If the member is eligible for an immediate service retirement allowance as provided in KRS 161.600 no withdrawal and refund shall be permitted, unless the allowance would prohibit the member from qualifying for social security benefits or the member elects to withdraw part or all of his service for the purpose of obtaining credit in another retirement plan. Requests for refund of contributions by the member must be filed on forms prescribed by the Teachers' Retirement System and the employer shall be financially responsible for all information that is certified on the prescribed form.

(7) Except as provided in KRS 161.520 and 161.525, in case of death prior to retirement the board of trustees shall pay to the estate of the deceased member or to his assigns all of his accumulated contributions, with regular interest, including any payments made by the teacher to the state accumulation fund, but the estate or assigns shall have no claim on any contributions made by the state with a view to the retirement of the teacher or to contributions made to the survivor, death and medical insurance fund.

(8) Any active contributing member of the Kentucky Employees Retirement System, the County Employees Retirement System, the State Police Retirement System, or the Judicial Retirement System may use service, under such retirement system for the purpose of meeting the service requirement of subsections (3) and (4) of this section.

SECTION 503. KRS 161.480 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Each person, upon becoming a member of the retirement system shall file a detailed statement as required by the board of trustees and shall designate a beneficiary to receive any benefits accruing from the death of the member. This designation shall remain in full force and effect until changed by the member on forms prescribed by the Kentucky Teachers' Retirement System, except that subsequent marriage or divorce by the member shall void the designation and the spouse of the member at death shall be considered as beneficiary in the event of subsequent marriage, and the estate of the member shall be considered as beneficiary in the event of subsequent divorce, unless the member subsequent to marriage or divorce designates another beneficiary. The provisions of this section shall be retroactive as they relate to election of beneficiaries by members still in active status on the effective date of this section.

(2) Each retiree shall, prior to the effective date of retirement, designate a beneficiary who shall be eligible to receive such survivors' benefits as may be provided by the retirement option selected by the retiree. A beneficiary designation may not be changed after the effective date of retirement, except that a divorce, annulment, marriage dissolution, or death of a spouse or the death of any other designated beneficiary following retirement shall, at the election of the retiree, cancel any optional plan selected at retirement to provide continuing lifetime benefits to such beneficiary and the retiree may designate a beneficiary to receive any refundable balance at the retiree's death.

SECTION 504. KRS 161.490 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

To the extent to which it is used in determining the liability of any fund of the retirement system, the board of trustees shall ascertain the correctness of the statement filed under KRS 161.480 by the best evidence it is able to obtain. If official records are not available as to length of service, age, salary, or other information required for the administration of the retirement system, the board may use its discretion as to the evidence to be accepted.

SECTION 505. KRS 161.500 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) At the close of each fiscal year, the retirement system shall add service credit to the account of each member who made contributions to his or her account during the year. Members shall be entitled to a full year of service credit if their total paid days were not less than one hundred eighty (180) days of a one hundred eighty-five (185) day contract for a regular school or fiscal year. In the event a member is paid for less than one hundred eighty (180) days, the member may purchase credit according to administrative regulations established by the board of trustees. In no case shall more than one (1) year of service be credited for all service performed in one (1) fiscal year. Members who complete their employment contract prior to the close of a fiscal year and elect to retire prior to the close of a fiscal year shall have their service credit reduced by eight percent (8%) for each calendar month that the retirement becomes effective prior to July 1.

(2) Members who are employed and paid for less than the number of days required in their normal employment year shall be entitled to pro rata service credit for the fractional service. Such credit shall be based upon the number of days employed and the number of days in the member's annual employment agreement or normal employment year.

SECTION 506. KRS 161.507 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) An active contributing member of the Teachers' Retirement System may receive credit for active service rendered in the armed forces of the United States, subject to regulations established by the board of trustees. Such service may be credited only if discharge was other than dishonorable. Service shall be considered as Kentucky teaching service, except that it may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). A maximum of six (6) years of such service may be credited, but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on such service, may not receive credit for any such service in the Teachers' Retirement System. This subsection shall apply to service presented for credit on July 1, 1975, and thereafter.

(3) A member receiving retirement credit for active duty in the armed services of the United States shall contribute to the retirement system an amount equal to thirty-five percent (35%) of the actuarial cost for each year of service so credited. Two percent (2%) of the thirty-five percent (35%) required payment shall be allocated to the survivor, death and medical insurance fund. Such contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting such service.

SECTION 507. KRS 161.510 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

A teacher who was not employed for the 1941-42 school year but who was employed as a teacher in this state prior to the 1941-42 school year shall, when again employed, be considered a new teacher, and membership in the retirement system shall be compulsory for him. He may receive credit for prior service when he produces evidence that he was regularly employed as a teacher prior to July 1, 1941, and has completed at least seven-tenths (.7) of a year of service after July 1, 1941.

SECTION 508. KRS 161.515 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) For the purposes of this section, "out-of-state service" shall mean service in any state in a comparable position, which would be covered if in Kentucky.

(2) (a) A member in active contributing status who has been a contributing member of the retirement system for at least one (1) full scholastic year subsequent to the latest out-of-state service, may present for credit, service rendered out of state, not to exceed ten (10) such years actually taught as a certified or licensed teacher. With the exception of university faculty members, all members who elect to purchase such service shall pay to the retirement system an amount equal to the current member contribution rate based on the first Kentucky salary of the member subsequent to the out-of-state service, provided such service was rendered after January 1, 1984. In the event such service was rendered prior to January 1, 1984, the contribution rate shall be seven and eighty-four hundredths percent (7.84%). University faculty members shall pay on a contribution rate of seven and eighty-four hundredths percent (7.84%) based on the first Kentucky salary

subsequent to the out-of-state service, regardless of when the service was rendered. In addition, all members shall pay interest on the contributions for such service at a rate to be set by the board of trustees on each annual contribution from the last day of the scholastic year in which the service was rendered to date of payment to the retirement system. Such payments shall not be picked up as described in KRS 161.540(2). For each year of which the retirement system shall accept the contribution and interest, one (1) year of service credit shall be given. Such credit may not be used to meet the service requirements of KRS 161.525, 161.600 or 161.661, except as provided in subsection (2)(c) of this section. No credit shall be granted for service which has been or will be used in qualifying for annuity benefit payments from another retirement system financed wholly or in part by public funds;

(b) A member of the retirement system having teaching service in the elementary or secondary schools operated by the United States overseas or in this country, or in a public college or university in Kentucky, not included in the Teachers' Retirement System of the state of Kentucky may present such service for credit in the retirement system on the same basis as provided above for out-of-state service credit; however, no such service may be presented which shall be used as a basis for retirement benefits in any program supported wholly or in part by such public institution or governmental agency. Such service when added to service credited under subsection (2)(a) of this section shall not exceed a total of ten (10) years' service credit; and

(c) A member having service referred to in subsection (2)(a) or (2)(b) of this section may elect to use such service for meeting the requirements of KRS 161.600(1)(c) by making an additional contribution to the state accumulation fund equal to a member contribution rate of seven and eighty-four hundredths percent (7.84%) for each year so used. Such payments shall not be picked up as described in KRS 161.540(2). The salary base to be used in determining this additional contribution shall be the final average salary which is used in calculating the member's regular retirement annuity.

(3) Members entering the Teachers' Retirement System for the first time, July 1, 1976, and thereafter, shall not receive credit for service defined in subsections (2)(a) and (2)(c) of this section in excess of one (1) year of credit for each two (2) years of Kentucky service in a covered position or ten (10) years, whichever is the lesser number.

SECTION 509. KRS 161.520 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

Upon death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income;

(b) Two hundred twenty dollars ($220) per month when the surviving widow or widower's total income from all sources does not exceed six thousand dollars ($6,000) per year or five hundred dollars ($500) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the Teachers' Retirement System, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life except that eligibility for this benefit shall cease upon remarriage. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be one hundred eighty dollars ($180) per month in the case of one (1) such child, three hundred ten dollars ($310) per month in the case of two (2) such children, three hundred sixty dollars ($360) per month in the case of three (3) such children, and four hundred dollars ($400) per month in the case of four (4) or more such children. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (3) of this section.

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death, the benefit shall be two hundred dollars ($200) per month, payable for the life of such child or until such time as the mental or physical condition creating the dependency no longer exists or the child marries. Benefits under this subsection and subsection (2) of this section shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one year prior to the death of the member. The mental or physical condition

of the adult child shall be revealed by a competent examination by a licensed physician and shall be approved by a majority of a medical review committee as defined in KRS 161.661(12). Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (2) of this section and shall be in addition to such benefits.

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home or other institution at the member's expense for a like period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19) if a full-time student in high school or upon marriage, except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating thereto, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems such action necessary.

(8) No payments of benefits shall be made unless the board of trustees shall have authorized such payments. The board shall formulate and adopt necessary administrative regulations for the administration of the foregoing provisions and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amount of benefits payable.

(9) In the event that there are no eligible survivors as defined in subsections (1) to (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1) to (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of such accumulated contributions.

SECTION 510. KRS 161.522 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

Upon the death of a member retired for disability who had a minimum of thirty (30) years of service prior to retiring for disability, except as provided in KRS 161.661(6), the spouse, if named as the beneficiary of the member's account, shall be entitled to elect, in lieu of a refund of the member's account or benefits provided under KRS 161.520, an annuity actuarially equivalent to the annuity that would have been paid to the member had retirement for service been effective on the day the member retired for disability. In selecting this right, the spouse shall be limited to selecting an option providing a straight life annuity with refundable balance. There shall be a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This section applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1984, and to surviving spouses of members who die on or after July 1, 1984.

SECTION 511. KRS 161.525 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Upon death of a member in active contributing status at the time of death, who was eligible to retire by reason of service, the spouse, if named as beneficiary of the member's retirement account or in the absence of an eligible spouse a legal dependent of said member, if named as beneficiary, shall be entitled to elect, in lieu of a refund of the member's account or benefits provided in KRS 161.520, an annuity actuarially equivalent at the attained age of the beneficiary to the annuity that would have been paid to the deceased member had retirement been effective on the day immediately preceding the member's death. Under the provisions of KRS 61.680, benefits shall be processed as if the member retired for service. In exercising this right the spouse or legal dependent shall be limited to selecting an option providing either a straight life annuity with refundable balance or ten (10) years certain payment. A spouse may receive the annuity provided herein at the same time as children are qualifying for survivors' benefits under the provisions of KRS 161.520, however, a legal dependent, other than a spouse, may not receive such payments if children have qualified for benefits under that section.

(2) A spouse or legal dependent qualifying for an annuity under subsection (1) of this section may defer such payments in order to reduce the actuarial discounts to be applied due to age.

(3) Upon death of a member in active contributing status at the time of his death, who had a minimum of thirty (30) years of service, the spouse, if named as the beneficiary of the member's account shall be entitled to a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This provision applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1986, and to surviving spouses of members who die on or after July 1, 1986.

SECTION 512. KRS 161.530 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

If a member, whose account has been forfeited under previous provisions of this section, shall return to teaching in a covered position in Kentucky, and reinstates the lost service credit as provided in KRS 161.470 (3), the funds transferred from the member's account shall be restored to such account and shall be credited against the payment required for reinstatement of service credit.

SECTION 513. KRS 161.540 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Effective July 1, 1988, each member shall contribute to the retirement system nine and eight hundred fifty-five thousandths percent (9.855%) of annual compensation, except that university faculty members shall contribute eight and three hundred seventy-five thousandths percent (8.375%) of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance. In the event a member is awarded a court-ordered back salary payment the employer shall deduct and remit the member contribution on the salary payment, plus interest to be paid by the employer, to the retirement system unless otherwise specified by the court order.

(2) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employee until such time as the contributions are distributed or made available to the employee. The picked up employee contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982, by the employee contribution, and the picked up employee contribution shall be in lieu of an employee contribution. Each employer shall pay these picked up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

SECTION 514. KRS 161.545 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Members may make contributions and receive service credit for substitute, part-time or any service other than regular full-time teaching as provided in the administrative regulations of the board of trustees. Members placed on leave of absence may make contributions and receive service credit for such leave as provided in administrative regulations adopted by the board of trustees. Contributions permitted after August 1, 1982, shall not be picked up pursuant to KRS 161.540(2).

(2) Active members who have been granted leaves of absence since July 1941, for reasons of health or to improve their educational qualifications, and did not make contributions to the Teachers' Retirement System may make contributions prior to July 1, 1989, under the following conditions:

(a) Such leave shall be verified by a copy of the board of education minutes which granted the leave of absence;

(b) The member shall contribute the required percentage based on the salary received for the year immediately preceding the leave of absence with interest at the rate of eight percent (8%) compounded annually from the beginning of the school year next following the year of leave, and by depositing in the state accumulation fund an amount equal to the above sum; and

(c) The member may receive credit for no more than two (2) years under the provisions of this subsection.

(3) A teacher who has been out of the teaching profession, but not on an official leave of absence, for the purpose of obtaining a masters degree may purchase up to one (1) year of service credit in the Teachers'

Retirement System. Credit purchased shall not exceed the time the teacher is enrolled in a masters program. Leave for such purpose shall be verified by a copy of the teacher's college transcript.

SECTION 515. KRS 161.550 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

Beginning with July 1, 1988, the state shall contribute annually to the retirement system a permanent amount equal to that contributed by all employees of local school districts and the regional educational cooperatives who are members of the retirement system. The state shall, in addition to the above amount, provide an annual contribution of three and one-fourths percent (3.25%) of total salaries of the employees of local school districts who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer, except local school districts and the regional educational cooperatives, shall contribute annually to the retirement system a permanent amount equal to that contributed by its employees who are members of the retirement system plus an additional three and one-fourths percent (3.25%) of the total of salaries of its employees who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer, except local school districts and the regional educational cooperatives, shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155 and 161.230 to 161.716. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. State contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and such contributions shall be considered deferred compensation to the members.

Actuarial discounts due to age or service credit at retirement may be applied as provided in this section;

(b) For retirements effective January 1, 1984, and thereafter, the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2 1/2%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by administrative regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%); and

(2) Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one percent (1%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than one hundred ninety dollars ($190) effective July 1, 1988, and two hundred dollars ($200) effective July 1, 1989, multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the Teachers' Retirement System shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums shall apply to the retired members receiving annuity payments and to those members retiring on or subsequent to the effective dates listed in this subsection. Eligibility for the benefits provided under this subsection shall be determined after applying any other cost-of-living adjustments provided by statute to the June, 1986 and June, 1987 annuity payment of the member.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, 1988, the monthly allowance of each member retired on or before July 1, 1987, and each recipient of a retirement option of such retired members shall be increased in the amount of two

percent (2%) of the monthly allowance. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(7) Effective July 1, 1980, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of such child or until such time as the mental condition creating the dependency no longer exists or the child marries. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1988-90 biennium for the cost-of-living increases approved under subsection (5) of this section.

The member's sick-leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account. A maximum of one-half (1/2) year of credit may be added to a member's service credit for the purpose of determining the retirement allowance under KRS 161.620. Such sick-leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 161.600.

(3) The board shall compute the cost to the retirement system of the sick-leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(8) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

SECTION 530. KRS 161.624 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

No option shall provide for a benefit with an actuarial value at the age of retirement greater than that provided in KRS 161.620. This section does not apply to disability allowances as provided in KRS 161.661(1).

(2) The benefit option chosen by a retiree at the time of service retirement shall remain in force unless the retiree elects to make a change under the following conditions:

(b) Following marriage or remarriage, or the death of a spouse or the death of any other designated beneficiary, a retiree may elect a new optional plan of payment based on the actuarial equivalent of his single lifetime benefit at the time of such election, as determined by the board. Upon the death of an active contributing member, a death benefit of two thousand dollars ($2,000) shall be paid to the member's estate or to a party designated by the member on a form prescribed by the retirement system. Application for the death benefit shall be made to the Teachers' Retirement System together with acceptable evidence of death and eligibility.

(2) Suit or civil action shall not be required for the collection of the death benefit provided herein, but nothing in this section shall prevent the maintenance of suit or civil action against the beneficiary or legal representative receiving the death benefit.

SECTION 535. KRS 161.661 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) Any member who has completed five (5) or more years of accredited service in the public schools of Kentucky after July 1, 1941, may retire for disability and be granted a disability allowance if found to be eligible as provided below. Application for disability benefits must be made within one (1) year of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of employment in a position covered by the Teachers' Retirement System and subsequent to the completion of five (5) years of teaching service in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service. The annual disability allowance shall be equal to sixty percent (60%) of the member's final average salary, except that a member retiring for disability who is also eligible for service retirement may elect to have the benefit calculated on the service retirement formula and may choose any of the retirement options provided for service retirement.

(2) No member who has reached the age of sixty (60) years and who is otherwise qualified for retirement may retire by reason of disability, with the disability allowance of sixty percent (60%) of the member's final average salary as set out in subsection (1) of this section. A member who is sixty (60) years of age or older may retire for disability with the benefit calculated on the service retirement formula and the choice of retirement options as provided for service retirement. Provisions of KRS 161.520, 161.525, and subsections (3), (4) and (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of such members.

(3) Members shall earn one (1) year of entitlement to disability retirement, at sixty percent (60%) of the member's final average salary, for each four (4) years of service in a covered position but any member meeting the service requirement for disability retirement shall be credited with no less than five (5) years of such eligibility.

(4) A member retired by reason of disability shall continue to earn service credit at the rate of one

(1) year for each year so retired. Such service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of a medical review committee, and shall be used in calculating benefits as provided in subsection (5) of this section. The service credit shall be valued at the same level as service earned by active members.

(5) Any member retired by reason of disability and remaining disabled at the expiration of the eligibility period shall have such disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) of this section. The retirement allowance shall be calculated as set forth in KRS 161.620 except that those persons less than sixty (60) years of age shall be considered as sixty (60).

(6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy (70) or until the member's eligibility is discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period. Members who have their disability retirement allowance recalculated at the expiration of their entitlement period shall be entitled to a minimum monthly allowance of three hundred dollars ($300) as the basic straight life annuity. The minimum allowance shall be effective July 1, 1980, and shall apply to those members who have had their allowance recalculated prior to that date and to disability retirees who will have their benefit allowance recalculated on or after that date.

(7) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or such member, who is age sixty (60) years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.

(8) In order to qualify for retirement by reason of disability a teacher must suffer from a physical or mental condition presumed to be permanent in duration and of such a nature as to render him incapable of being gainfully employed as a teacher. Such incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of a medical review committee.

(9) A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of a medical review committee indicate the disability no longer exists, the allowance shall be discontinued.

(10) Eligibility for payment shall begin on the first day of the month following receipt of the application in the Teachers' Retirement System office, or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.

(11) No person who receives a disability allowance may serve as a teacher either within or without the state of Kentucky. So doing shall constitute a misdemeanor; and shall result in loss of such allowance from the first date of such service. The recipient of a disability allowance who engages in any gainful occupation other than teaching must make a report of the duties involved, compensation received and any other pertinent information required by the board of trustees. If the annual income from other employment plus the disability benefit exceed the sum of twelve thousand dollars ($12,000) or the last earned compensation, whichever is the greater amount, the benefit shall be reduced to an amount which with earned income will not exceed the last earned compensation or twelve thousand dollars ($12,000), whichever is the greater amount. In no case shall the benefit be reduced to less than seventy-five dollars ($75) per month, if the member has five (5) or more years of contributing service in the Teachers' Retirement System.

(12) The board of trustees shall designate medical review committees, each consisting of three licensed physicians. A medical review committee shall pass upon all applications for disability retirement and upon all statements, certifications, and examinations submitted in connection with such applications. The disposition of each case shall be recommended by a medical review committee in writing to the board of trustees. Members of a medical review committee shall follow such rules and regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The board of trustees may secure such additional medical service and information as it deems necessary. The board of trustees shall promulgate regulations that specify member appeal procedures.

(13) A disability may be presumed to be permanent if the condition creating such disability may be reasonably expected to continue for one (1) year or more from the date of application for disability benefits.

(14) Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of a medical review committee, may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve (12) months

of the date disability benefits terminated. If the termination of benefits were voluntary, the reinstatement may be made without medical examination if application is made within three months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

SECTION 536. KRS 161.663 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

Any active contributing member with less than five (5) years of Kentucky service may apply and be approved for disability retirement under KRS 161.661 if the member is found to be mentally or physically incapacitated as a result of an injury related directly to their covered employment. All conditions and restrictions specified under KRS 161.661 shall be applicable, except that the initial annual disability allowance shall be equal to fifty percent (50%) of the member's current annual contract salary and the member's last annual contract salary shall be used in lieu of the final average salary in the recalculation of the member's benefit at the expiration of the eligibility period.

SECTION 537. KRS 161.675 IS REPEALED AND REENACTED TO READ AS FOLLOWS:

(1) The board of trustees is empowered to enter into contracts with insurance carriers for the purpose of providing a broad program of hospital and medical insurance coverage to members retired for service or disability. Coverage may be extended to the spouses and minor children of said retired members, provided the member began participating in the Teachers' Retirement System prior to July 1, 1978. Coverage may also be extended to spouses and to minor children of members in active contributing status who are deceased prior to retirement if the surviving spouse is eligible to receive the member's retirement benefit as provided in KRS 161.525 and elects to do so. The board of trustees may offer, on a cost basis, coverage of spouses not eligible for regular coverage.

(2) The coverage provided shall be as set forth in the contracts and the regulations of the board of trustees. The board of trustees may change the levels of coverage to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital and miscellaneous hospital costs. Section 640. KRS 141.180 is amended to read as follows:

(1) Every individual, except as otherwise provided in this section, having for the taxable year an adjusted gross income which exceeds ***five thousand*** [~~sixteen hundred and fifty~~] dollars ***($5,000)*** [~~($1,650)~~], if single, or if married and not living with husband or wife and every married individual living with husband or wife whose adjusted gross income combined with the adjusted gross income of his or her spouse exceeds ***five thousand*** [~~twenty-six hundred and fifty~~] dollars ***($5,000)*** [~~($2,650)~~] shall make to the cabinet a return stating specifically the items which he claims as deductions and tax credits allowed by this chapter.

(2) Any individual who is blind or who has attained the age of sixty-five (65) before the close of his taxable year shall be required to make a return only if he has for the taxable year an adjusted gross income which exceeds ***five thousand*** [~~thirty-six hundred and fifty~~] dollars ***($5,000)*** [~~($3,650)~~]. Every married individual living with husband or wife shall, if both spouses have attained the age of sixty-five (65), be required to make a return if the combined adjusted gross income of both spouses exceeds five thousand four hundred dollars ($5,400). If the individual is unable to make his own return, the return shall be made by a duly authorized agent.

(3) Any individual, who is both sixty-five (65) or over and blind before the close of the taxable year, shall make a return if he has for the taxable year an adjusted gross income which exceeds ***five*** [~~four~~] thousand [~~nine hundred~~] dollars ***($5,000)*** [~~($4,900)~~].

(4) Notwithstanding any other provision of this section, an individual, having for the taxable year gross income from self-employment of ***five thousand*** [~~sixteen hundred and fifty~~] dollars ***($5,000)*** [~~($1,650)~~] or more, shall make a return.

(5) Any nonresident individual with gross income from Kentucky sources and a total gross income of sixteen hundred and fifty dollars ($1,650) or over shall make a return.

(6) A husband and wife not living together shall make separate returns. A husband and wife living together may make a joint return, or may make separate returns. However, in the event separate returns are made, neither spouse shall report income nor claim deductions properly attributable to the other.

(7) [~~An optional return properly filed under the provisions of KRS 141.023 shall be deemed sufficient to satisfy the provisions of this section.~~

~~(8)~~] Each individual return shall be verified by a written declaration that it is made under the penalties of perjury.

Section 641. KRS 141.190 is amended to read as follows:

(1) Every fiduciary, except a receiver appointed by authority of law in possession of part only of the

property of an individual, shall make under oath a return for any of the following individuals, estates, or trusts for which he acts, setting forth therein such information as may be prescribed by the cabinet:

(a) Every individual having an adjusted gross income for the taxable year which exceeds ***five thousand*** [~~sixteen hundred and fifty~~] dollars ***($5,000)*** [~~($1,650)~~];

(b) Every estate the gross income of which for the taxable year is twelve hundred dollars ($1,200) or over;

(c) Every trust the gross income of which for the taxable year is one hundred dollars ($100) or over.

(2) Any fiduciary required to make a return under this chapter shall be subject to all the provisions of this chapter that apply to individuals.

Section 642. KRS 141.300 is amended to read as follows:

(1) Every individual shall, at the time prescribed in subsection (3), make a declaration of his estimated tax for the taxable year if his gross income from sources other than wages upon which Kentucky income tax will be withheld can reasonably be expected to exceed ***five*** [~~two~~] thousand dollars ***($5,000)*** [~~($2,000)~~] for the taxable year and his gross income or adjusted gross income can reasonably be expected to be an amount not less than the amount for which a return is required under KRS 141.180.

(2) In the declaration required under subsection (1) the individual shall state:

(a) The amount which he estimates as the amount of tax under KRS 141.020 for the taxable year;

(b) The amount which he estimates as the credits for the taxable year under KRS 141.310 and 141.315;

(c) The excess of the amount estimated under paragraph (a) over the amount estimated under paragraph (b), which excess for purposes of this chapter shall be considered the estimated tax for the taxable year;

(d) Such other information as may be prescribed in regulations promulgated by the cabinet;

(e) Notwithstanding the above provisions, no declaration is required if the estimated tax can reasonably be expected to be less than forty dollars ($40.00).

(3) The declaration required under subsection (1) shall be filed with the cabinet on or before April 15 of the taxable year, except that if the requirements of subsection (1) are first met:

(a) After April 1 and before June 2 of the taxable year, the declaration shall be filed on or before June 15 of the taxable year; or

(b) After June 1 and before September 2 of the taxable year, the declaration shall be filed on or before September 15 of the taxable year; or

(c) After September 1 of the taxable year, the declaration shall be filed on or before January 15 of the succeeding taxable year.

(4) An individual may make amendments of a declaration filed during the taxable year under subsection (3), under regulations prescribed by the cabinet.

(5) If on or before January 31 of the succeeding taxable year the taxpayer files a return for the taxable year for which the declaration is required and pays in full the amount computed on the return as payable then, under regulations prescribed by the cabinet:

(a) If the declaration is not required to be filed during the taxable year, but is required to be filed on or before such January 15, such return shall, for the purposes of this section, be considered as such declaration; and

(b) If the tax shown on the return, reduced by the credits under KRS 141.350, is greater than the estimated tax shown in a declaration previously made or, in the last amendment thereof, such return shall, for the purposes of this section, be considered as the amendment of the declaration permitted by subsection (4) to be filed on or before such January 15.

(6) The cabinet shall promulgate regulations governing reasonable extensions of time for filing declarations and paying the estimated tax. Except in the case of taxpayers who are abroad, no such extension shall be for more than six (6) months.

(7) If the taxpayer is unable to make his own declaration, the declaration shall be made by a duly authorized

agent or by the guardian, conservator or other person charged with the care of the person or property of such taxpayer.

(8) For the purposes of KRS 131.190, a declaration of estimated tax shall be held and considered a return of income under this chapter.

Section 643. KRS 141.310 is amended to read as follows:

(1) Every employer making payment of wages on or after January 1, 1971 shall deduct and withhold upon such wages a tax determined under KRS 141.315 or by the tables authorized by KRS 141.370.

(2) If wages are paid with respect to a period which is not a payroll period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days, including Sundays and holidays, equal to the number of days in the period with respect to which such wages are paid.

(3) In any case in which wages are paid by an employer without regard to any payroll period or other period, the amount to be deducted and withheld shall be that applicable in the case of a miscellaneous payroll period containing a number of days equal to the number of days, including Sundays and holidays, which have elapsed since the date of the last payment of such wages by such employer during the calendar year, or the date of commencement of employment with such employer during such year, or January 1 of such year, whichever is the later.

(4) In determining the amount to be deducted and withheld under this section, the wages may, at the election of the employer, be computed to the nearest dollar.

(5) [~~The tables mentioned in subsection (1) of this section take into consideration the deductible federal income tax. If congress changes substantially the federal income tax, the cabinet shall make such change in these tables as necessary to compensate for any increase or decrease in the deductible federal income tax.~~

~~(6)~~] The cabinet may permit the use of accounting machines to calculate the proper amount to be deducted from wages when the calculation so permitted produces substantially the same result set forth in the tables authorized by KRS 141.370. Prior approval of such calculation shall be secured from the cabinet at least thirty days before the first payroll period for which it is to be used.

***(6)***[~~(7)~~] The cabinet may, by regulations, authorize employers:

(a) To estimate the wages which will be paid to any employee in any quarter of the calendar year;

(b) To determine the amount to be deducted and withheld upon each payment of wages to such employee during such quarter as if the appropriate average of the wages so estimated constituted the actual wages paid; and

(c) To deduct and withhold upon any payment of wages to such employee during such quarter such amount as may be necessary to adjust the amount actually deducted and withheld upon the wages of such employee during such quarter to the amount that would be required to be deducted and withheld during such quarter if the payroll period of the employee was quarterly.

***(7)***[~~(8)~~] The cabinet is authorized to provide by regulation, under such conditions and to such extent as it deems proper, for withholding in addition to that otherwise required under this section and KRS 141.315 in cases in which the employer and the employee agree to such additional withholding. Such additional withholding shall for all purposes be considered tax required to be deducted and withheld under this chapter.

***(8)***[~~(9)~~] Any employer required by this section to withhold Kentucky income tax may be required to post a bond with the cabinet. Such bond shall be a corporate surety bond or cash. The amount of the bond shall be determined by the cabinet, but in no case shall exceed fifty thousand dollars ($50,000).

***(9)***[~~(10)~~] The Commonwealth may bring an action for a restraining order, temporary or permanent injunction to restrain or enjoin the operation of an employer's business until the bond is posted or the tax required to be withheld is paid or both. Such action may be brought in the Franklin Circuit Court or in the Circuit Court having jurisdiction of the defendant.

SECTION 644. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

***(1) Individuals whose adjusted gross income does not exceed the amounts set out in subsection (3) of this section, shall be eligible for a nonrefundable "low income" tax credit. The credit shall be deducted from the amount of the tax liability calculated under KRS 141.020 after deducting any credits claimed by the taxpayer under the provisions of KRS 141.065, 141.070, and 155.440.***

***(2) For a husband and wife living together, whether filing jointly or separately, the "low income" tax credit shall be computed on the basis of their combined adjusted gross income and shall be deductible from their combined tax liability.***

***(3) The "low income" tax credit shall be computed as follows:***

| ***AMOUNT OF ADJUSTED GROSS INCOME*** | ***PERCENT OF TAX LIABILITY ALLOWED AS LOW INCOME TAX CREDIT*** |
|---|---|
| ***less than $5,000*** | ***100%*** |
| ***$ 5,000 but not over $ 9,999*** | ***50%*** |

| ***$20,000 but not over $24,999*** | ***5%*** |
| ***$25,000 and over*** | ***-0-*** |

Section 645. The provisions of Part VIID of this Act shall apply to taxable years beginning after December 31, 1989.

## PART VIII - NONCODIFIED MATERIAL

Section 646. Whereas, the decision of the Supreme Court of Kentucky in ***Rose v. Council for Better Education, Inc.***, mandates that the General Assembly reform and improve the system of common schools in Kentucky; and

Whereas, the reforms imposed by the court and recommended by the educational task force have vastly expanded educational programs and the state's role in these programs; and

Whereas, with the expansion of educational programs comes an expansion of the costs necessary to pay for such programs; and

Whereas, the Governor has indicated and the General Assembly agrees that state revenues are insufficient to pay for the needed improvements and that an increase in revenues is the only solution to that insufficiency, but is incidental to education reform; and

Whereas, primary state funding for education comes from the General Fund, which is a commingling of revenues from various sources and which is spent for general government purposes as well as for education; and

Whereas, the amount of the tax increases proposed, together with revenues from the General Fund will both be necessary to fund the educational programs contained in this legislation:

The General Assembly finds and declares that the revenue measures contained in this Act are a necessary incident to the education reform provisions of this Act.

Section 647. Because of the extraordinary complexity of this legislation, its special importance to the Commonwealth and her people, and the need for accuracy and consistency in its interrelationships, the General Assembly expressly authorizes and directs the Reviser of Statutes, in addition to and without derogation of his existing authority under KRS 7.140 and 7.136, to make all technical changes and corrections in the Kentucky Revised Statutes necessary and appropriate to carry out the intent of this Act, including the following:

(1) Changing any existing or newly created references to public officers, boards, or agencies whose duties or authority have been altered or abolished by this Act to the comparable public officer, board, or agency that has been assigned those duties or authority by the terms of this Act;

(2) Where the context makes clear the words to be supplied, inserting any omitted words or phrases within newly created language, when, in his best judgment, this can be done without altering the sense, meaning, or effect of the particular section of this Act;

(3) Changing existing or newly-created statutory cross-references to reflect renumbered sections or subdivisions thereof, or, in the case of repealed sections, to indicate analogous newly-created sections or subdivisions thereof, when, in his best judgment, the substance of the newly-created section is comparable to that of the section repealed; and

(4) Making any other statutory additions, deletions, or modifications which are necessary in his best judgment to effect the intent of this Act.

Section 648. The provisions of KRS 446.260 notwithstanding,

(1) If any provision of this Act repeals and reenacts a statute section amended by another act adopted at this 1990 regular session of the General Assembly, the repeal and reenactment by this Act shall have no effect.

(2) If any provision of this Act amends or repeals and reenacts a statute section repealed by another act adopted at this 1990 regular session of the General Assembly prior to the adoption of this Act, the prior repeal shall have no effect.

Section 649. The modification of KRS 12.020, I.7., contained in Section 53 of this Act shall be effective July 1, 1991; the other amendments to KRS 12.020 contained in Section 53 shall have the regular effective date of this Act.

Section 650. Whereas, to facilitate administrative planning and to insure receipt of budgeted revenue, an emergency is declared to exist, and Sections 613 to 645 of this Act shall become effective upon its passage and approval by the Governor.

The Committee Amendment No. 1 to **HB 940** is as follows:

The contract shall not be terminated by the local school district, except for insubordination, including but not limited to, violation of the school laws of the state or administrative regulations adopted by the State Board for Elementary and Secondary Education or lawful rules and regulations established by the local board of education for the operation of schools, immoral conduct unbecoming a school employee, physical or mental disability, inefficiency, incompetency, neglect of duty, abandonment of position or failure to maintain licensing or other standards required by the state or federal government after the employee has been given written notice of the charges for termination and received a due process hearing before a tribunal appointed by the chief state school officer, no less than twenty (20) days after service of the charges. The tribunal shall be appointed by the chief state school officer and shall consist of three (3) members: one (1) classified employee, one (1) supervisor of classified employees and one (1) lay person, none of whom reside in the district to conduct an impartial hearing within the district. ***(5) The hearing before the tribunal may be public or private, at the employee's option. The tribunal may, after hearing the evidence, dismiss some or all of the charges, issue a sanction less severe than termination of employment or terminate the contract of employment. The tribunal shall prepare a stenographic record of the hearing and shall issue written findings, conclusions, and decisions within five (5) days after the close of the hearing. The employee may appeal the tribunal's action by filing a complaint within thirty (30) days after receiving the tribunal's decision, in the Circuit Court of the county where the school district is located. The complaint shall be an original action and either party may introduce the transcript of the hearing before the tribunal, or portions thereof as evidence. If a transcript is introduced, the local board of education shall prepare a copy of the transcript at no cost to the employee. Either party may appeal the judgment of the Circuit Court to the Court of Appeals as provided by law.***

***(6) A superintendent may lay off a classified employee when he deems it necessary by reason of shortage of funds or work, abolishment of a position, changes required by state law or the State Board for Elementary and Secondary Education regulations or other material change in duties or organizations.***

***(7) A classified employee with more than twelve (12) months employment in that district, who is laid off may appeal pursuant to subsection (5) of this section.***"

"SECTION 19. A NEW SECTION OF KRS CHAPTER 156 IS CREATED TO READ AS FOLLOWS:

***The General Assembly of the Commonwealth of Kentucky recognizes and supports the emerging application of modern technology in the plan to support education excellence in Kentucky. The timely development of a comprehensive long-range technology strategic plan will enhance educational opportunities for all citizens of Kentucky and benefit students in a wide variety of educational programs from the primary grades through high school, higher education, vocational training, and adult education. Properly developed and applied technology has the unlimited potential to dramatically improve student learning, school administration, teaching methods, curriculum development, and teacher training. Technology is a vital component to insure an effective and efficient school system and will provide equal access to educational opportunities for all citizens throughout the Commonwealth.***

SECTION 20. A NEW SECTION OF KRS CHAPTER 156 IS CREATED TO READ AS FOLLOWS:

***(1) There is hereby created, effective July 1, 1990, the Super Technology Board which shall be an advisory body attached to the Legislative Research Commission for administrative purposes and which shall develop a long-range technology strategic plan. The Legislative Research Commission shall provide financial and staff support.***

***(2) The board shall be composed of five (5) members, one (1) of whom shall be designated as chairman, and shall be appointed by the Legislative Research Commission. Members shall be nationally recognized leaders from within the fields of technology research, education, science, computers, or communications, with special skills in computer technology, computerized educational learning, data transmission or telecommunications. A majority of the members at any meeting shall constitute a quorum to conduct official business. Members shall receive no compensation for their service, but shall be reimbursed for all actual and necessary expenses incurred in the performance of their duties.***

***(3) The long-range technical strategic plan shall comprehensively evaluate the education environment in Kentucky and the potential during the decade of the 1990's for immediate, intermediate, and long-range applications of advanced technology within the new state education system being implemented by this Act. The plan shall include a recommendation for implementation of a statewide blueprint that will most efficiently and effectively adopt and utilize technology in Kentucky's schools, considering, but not being limited to, the following factors:***

*(a) Computers and computer systems;*

*(b) Fiber optics;*

*(c) Satellite communications;*

*(d) Microwave communications;*

*(e) Cable and other television systems;*

*(f) Telecommunications;*

*(g) Video and film applications;*

*(h) Software and hardware systems;*

*(i) Imaging;*

*(j) Auxiliary equipment;*

*(k) Long distance learning;*

*(l) Kentucky Educational Television Star Channel;*

*(m) Classroom instruction;*

*(n) Curriculum delivery;*

*(o) Management systems related to required school programs;*

*(p) Staff development;*

*(q) Facility readiness; and*

*(r) Recommended methods by which the state could enter into cooperative ventures with private enterprise to develop the technology and systems necessary to assist in implementing the plan.*

*(4) The board may exercise wide discretion in recommending a course of action to implement the long-range strategic plan and shall include cost estimates to support any recommendation the board may include in its report. The board shall complete its work and issue a final report by January 1, 1991. Copies of the final report shall be submitted to the Governor, the Legislative Research Commission, and the chief state school officer. The board shall be abolished following completion and acceptance of its final report by the Legislative Research Commission unless extended by the Commission.*

SECTION 21. A NEW SECTION OF KRS CHAPTER 156 IS CREATED TO READ AS FOLLOWS:

*(1) The General Assembly estimates that the initial cost of implementing a technology strategic plan is two hundred million dollars ($200,000,000) and that full implementation of the plan shall be completed within four (4) to six (6) years after the effective date of this Act. Funding to finance the technology strategic plan shall be primarily provided by the state general fund and may be supplemented with federal funds, local funds, and grants or gifts from private sources. Private industry shall be strongly encouraged to provide technical assistance and financial support to accelerate the acquisition of equipment required by the plan through innovative procurement procedures in compliance with the provisions of KRS Chapter 45A.*

*(2) The General Assembly envisions that the technical strategic plan for Kentucky schools will provide a networked computerized workstation in every classroom in Kentucky with integrated audio/visual equipment for general classroom instruction. This classroom instruction network will be complemented with computer laboratories or workstations for individualized student instruction, giving special emphasis to teaching remedial students.*

*(3) The General Assembly envisions that the technology strategic plan shall also include a fully networked management information system which interconnects all classrooms, administrative offices in the schools and school districts, regional service centers, and the centralized computer system in Frankfort. This management information system shall provide current, accurate, and accessible information relating to management, finance, operations, instruction, and pupil programs which are created or amended by this Act. Special emphasis shall be placed on programs relating to the six (6) outcome goals for students described in Section 3 of this Act. The network system shall include information access capability on a need to know basis for the Office of Education Accountability in the Legislative Research Commission, the Department of Education, regional service offices, local school districts, and local schools.*

*(4) During the 1990-92 biennium, subject to concurrence of the Technology Super Board, the following priorities are established:*
